You also choose whether the alarm is mental or audible.</p> <p>A mental alarm alerts you with a ping in your mind if you are within 1 mile of the warded area. Alter Self	Level 2
Transmutation	Cast: 1 Action
Range: Self	V, S
Duration: Up to 1 hour	
<p>You assume a different form. When you cast the spell, choose one of the following options, the effects of which last for the duration of the spell. While the spell lasts, you can end one option as an action to gain the benefits of a different one.</p> <p>Aquatic Adaptation. You adapt your body to an aquatic environment, sprouting gills, and growing webbing between your fingers. You can breathe underwater and gain a swimming speed equal to your walking speed. Change Appearance. You transform your appearance. You decide what you look like, including your height, weight, facial features, sound of your voice, hair length, coloration, and distinguishing characteristics, if any. You can make yourself appear as a member of another race, though none of your statistics change. You also don't appear as a creature of a different size than you, and your basic shape stays the same; if you're bipedal, you can't use this spell to become quadrupedal, for instance. At any time for the duration of the spell, you can use your action to change your appearance in this way again. Natural Weapons. You grow claws, fangs, spines, horns, or a different natural weapon of your choice. Your unarmed strikes deal 1d6 bludgeoning, piercing, or slashing damage, as appropriate to the natural weapon you chose, and you are proficient with your unarmed strikes. Finally, the natural weapon is magic and you have a +1 bonus to the attack and damage rolls you make using it.</p>

Animal Friendship	Level 1
Enchantment	Cast: 1 Action
Range: 30 feet	V, S, M
Duration: 24 hours	a morsel of food
<p>This spell lets you convince a beast that you mean it no harm. Choose a beast that you can see within range. It must see and hear you. If the beast's Intelligence is 4 or higher, the spell fails. Otherwise, the beast must succeed on a Wisdom saving throw or be charmed by you for the spell's duration. If you or one of your companions harms the target, the spell ends.</p>	
<p>When you cast this spell using a spell slot of 2nd level or higher, you can affect one additional beast for each slot level above 1st.</p>

Animal Messenger	Level 2
Enchantment	Cast: 1 Action
Range: 30 feet	V, S, M
Duration: 24 hours	a morsel of food
<p>By means of this spell, you use an animal to deliver a message. Choose a Tiny beast you can see within range, such as a squirrel, a blue ray, or a bat. You specify a location, which you must have visited, and a recipient who matches a general description, such as a man or woman dressed in the uniform of the town guard or a red-haired dwarf wearing a pointed hat. You also speak a message of up to twenty-five words. The target beast travels for the duration of the spell towards the specified location, covering about 50 miles per 24 hours for a flying messenger or 25 miles for other animals.</p> <p>When the messenger arrives, it delivers your message to the creature that you described, replicating the sound of your voice. The messenger speaks only to a creature matching the description you gave. If the messenger doesn't reach its destination before the spell ends, the message is lost, and the beast makes its way back to where you cast this spell.</p>	
<p>If you cast this spell using a spell slot of 3rd level or higher, the duration of the spell increases by 48 hours for each slot level above 2nd.</p>	
Player's Handbook p. 212	Bard, Druid, Ranger,

Animal Shapes	Level 8
Transmutation	Cast: 1 Action
Range: 30 feet	V, S
Duration: Up to 24 hours	
<p>Your magic turns others into beasts. Choose any number of willing creatures that you can see within range. You transform each target into the form of a large or smaller beast with a challenge rating of 4 or lower. On subsequent turns, you can use your actions to transform affected creatures into new forms.</p> <p>The transformation lasts for the duration for each target, or until the target drops to 0 hit points or dies. You can choose a different form for each target. A targets game statistics are replaced by the statistics of the chosen beast, though the target retains its alignment and Intelligence, Wisdom, and Charisma scores. The target assumes the hit points of its new form, and when it reverts to its normal form, it returns to the number of hit point it had before it transformed. If it reverts as a result of dropping to 0 hit points, any excess damage carries over to its normal form. As long as the excess damage doesnt reduce the creatures normal form to 0 hit points, it isnt knocked unconscious. The creature is limited in the actions it can perform by the nature of its new form, and it cant speak or cast spells. The targets gear melds into the new form. The target cant activate, wield, or otherwise benefit from any of its equipment.</p>

Animate Dead	Level 3
Necromancy	Cast: 1 Minute
Range: 10 feet	V, S, M
Duration: Instantaneous	a drop of blood, a piece of flesh, and a pinch of bone dust
<p>This spell creates an undead servant. Choose a pile of bones or a corpse of a Medium or Small humanoid within range. Your spell imbues the target with a foul mimicry of life, raising it as an undead creature. The target becomes a skeleton if you chose bones or a zombie if you chose a corpse (the DM has the creatures game statistics).</p> <p>On each of your turns, you can use a bonus action to mentally command any creature you made with this spell if the creature is within 60 feet of you (if you control multiple creatures, you can command any or all of them at the same time, issuing the same command to each one). You decide what action the creature will take and where it will move during its next turn, or you can issue a general command, such as to guard a particular chamber or corridor. If you issue no commands, the creature only defends itself against hostile creatures. Once given an order, the creature continues to follow it until its task is complete.</p> <p>The creature is under your control for 24 hours, after which it stops obeying any command youve given it. To maintain the control of the creature for another 24 hours, you must cast this spell on the creature again before the current 24-hour period ends. This use of the spell reasserts your control over up to four creatures you have animated with this spell, rather than animating a new one.</p>	
<p>When you cast this spell using a spell slot of 4th level or higher, you animate or reassert control over two additional undead creatures for each slot level above 3rd. Each of the creatures must come from a different corpse or pile of bones.</p>	
Player's Handbook p. 212	Cleric, Wizard,

Animate Objects	Level 5
Transmutation	Cast: 1 Action
Range: 120 feet	V, S
Duration: Up to 1 minute	
<p>Objects come to life at your command. Choose up to ten nonmagical objects within range that are not being worn or carried. Medium targets count as two objects, Large targets count as four objects, Huge targets count as eight objects. You can't animate any object larger than Huge. Each target animates and becomes a creature under your control until the spell ends or until reduced to 0 hit points.</p> <p>As a bonus action, you can mentally command any creature you made with this spell if the creature is within 500 feet of you (if you control multiple creatures, you can command any or all of them at the same time, issuing the same command to each one). You decide what action the creature will take and where it will move during its next turn, or you can issue a general command, such as to guard a particular chamber or corridor. If you issue no commands, the creature only defends itself against hostile creatures. Once given an order, the creature continues to follow it until its task is complete.</p> <p>Animated Object Statistics Tiny HP: 20, AC: 18, Attack: +8 to hit, 1d4 + 4 damage, Str: 4, Dex: 18 Small HP: 25, AC: 16, Attack: +6 to hit, 1d8 + 2 damage, Str: 6, Dex: 14 Medium HP: 40, AC: 13, Attack: +5 to hit, 2d6 + 1 damage, Str: 10, Dex: 12 Large HP: 50, AC: 10, Attack: +6 to hit, 2d10 + 2 damage, Str: 14, Dex: 10 Huge HP: 80, AC: 10, Attack: +8 to hit, 2d12 + 4 damage, Str: 18, Dex: 6</p> <p>An animated object is a construct with AC, hit points, attacks, Strength, and Dexterity determined by its size. Its Constitution is 10 and its Intelligence and Wisdom are 3, and its Charisma is 1. Its speed is 30 feet; if the objects lack legs or other appendages it can use for locomotion, it instead has a flying speed of 30 feet and can hover. If the object is securely attached to a surface or larger object, such as a chain bolted to a wall, its speed is 0. It has blindsight with a radius of 30 feet and is blind beyond that distance. When the animated object drops to 0 hit points, it reverts to its original object form, and any remaining damage carries over to its original object form.</p> <p>If you command an object to attack, it can make a single melee attack against a creature within 5 feet of it. It makes a slam attack with an attack bonus and bludgeoning damage determined by its size. The DM might rule that a specific object inflicts slashing or piercing damage based on its form.</p>	
If you cast this spell using a spell slot of 6th level or higher, you can animate two additional objects for each slot level above 5th.

Antilife Shell	Level 5
Abjuration	Cast: 1 Action
Range: Self (10-foot radius)	V, S
Duration: Up to 1 hour	
A shimmering barrier extends out from you in a 10-foot radius and moves with you, remaining centered on you and hedging out creatures other than undead and constructs. The barrier lasts for the duration. The barrier prevents an affected creature from passing or reaching through. An affected creature can cast spells or make attacks with ranged or reach weapons through the barrier. If you move so that an affect creature is forced to pass through the barrier, the spell ends.	
Player's Handbook p. 213	Druid,

Antimagic Field	Level 8
Abjuration	Cast: 1 Action
Range: Self (10-foot-radius sphere)	V, S M
Duration: Up to 1 hour	a pinch of powdered iron or iron filings
<p>A 10-foot-radius invisible sphere of antimagic surrounds you. This area is divorced from the magical energy that suffuses the multiverse. Within the sphere, spells can't be cast, summoned creatures disappear, and even magic items become mundane. Until the spell ends, the sphere moves with you, centered on you. Spells and other magical effects, except those created by an artifact or a deity, are suppressed in the sphere and can't protrude into it. A slot expended to cast a suppressed spell is consumed. While an effect is suppressed, it doesn't function, but the time it spends suppressed counts against its duration.</p> <p>Targeted Effects. Spells and other magical effects, such as magic missile and charm person, that target a creature or an object in the sphere have no effect on that target.</p> <p>Areas of Magic. The area of another spell or magical effect, such as fireball, can't extend into the sphere. If the sphere overlaps an area of magic, the part of the area that is covered by the sphere is suppressed. For example, the flames created by a wall of fire are suppressed within the sphere, creating a gap in the wall if the overlap is large enough.</p> <p>Spells. Any active spell or other magical effect on a creature or an object in the sphere is suppressed while the creature or object is in it.</p> <p>Magic Items. The properties and powers of magic items are suppressed in the sphere. For example, a +1 longsword in the sphere functions as a nonmagical longsword. A magic weapon's properties and powers are suppressed if it is used against a target in the sphere or wielded by an attacker in the sphere. If a magic weapon or piece of magic ammunition fully leaves the sphere (for example, if you fire a magic arrow or throw a magic spear at a target outside the sphere), the magic of the item ceases to be suppressed as soon as it exits.</p> <p>Magical Travel. Teleportation and planar travel fail to work in the sphere, whether the sphere is the destination or the departure point for such magical travel. A portal to another location, world, or plane of existence, as well as an opening to an extradimensional space such as that created by the rope trick spells, temporarily closes while in the sphere.</p> <p>Creatures and Objects. A creature or object summoned or created by magic temporarily winks out of existence in the sphere. Such a creature instantly reappears once the space the creature occupied is no longer within the sphere.</p> <p style="text-align: center;">10</p> <p>Dispel Magic. Spells and magical effects such as dispel magic have no effect on the sphere. Likewise, the spheres created by different antimagic field spells don't nullify each other.</p>	
Player's Handbook p. 213	Cleric, Wizard,

Antipathy/Sympathy	Level 8
Enchantment	Cast: 1 Hour
Range: 60 feet	V, S, M
Duration: 10 days	either a lump of alum soaked in vinegar for the antipathy effect or a drop of honey for the sympathy effect
<p>This spell attracts or repels creatures of your choice. You target something within range, either a Huge or smaller object or creature or an area that is no larger than a 200-foot cube. Then specify a kind of intelligent creature, such as red dragons, goblins, or vampires. You invest the target with an aura that either attracts or repels the specified creatures for the duration. Choose antipathy or sympathy as the auras effect.</p> <p>Antipathy. The enchantment causes creatures of the kind you designated to feel an intense urge to leave the area and avoid the target. When such a creature can see the target or comes within 60 feet of it, the creature must succeed on a Wisdom saving throw or become frightened. The creature remains frightened while it can see the target or is within 60 feet of it. While frightened by the target, the creature must use its movement to move to the nearest safe spot from which it can't see the target. If the creature moves more than 60 feet from the target and can't see it, the creature is no longer frightened, but the creature becomes frightened again if it regains sight of the target or moves within 60 feet of it.</p> <p>Sympathy. The enchantment causes the specified creatures to feel an intense urge to approach the target while within 60 feet of it or able to see it. When such a creature can see the target or comes within 60 feet of it, the creature must succeed on a Wisdom saving throw or use its movement on each of its turns to enter the area or move within reach of the target. When the creature has done so, it can't willingly move away from the target. If the target damages or otherwise harms an affected creature, the affected creature can make a Wisdom saving throw to end the effect, as described below.</p> <p>Ending the Effect. If an affected creature ends its turn while not within 60 feet of the target or able to see it, the creature makes a Wisdom saving throw. On a successful save, the creature is no longer affected by the target and recognizes the feeling of repugnance or attraction as magical. In addition, a creature affected by the spell is allowed another Wisdom saving throw every 24 hours while the spell persists. A creature that successfully saves against this effect is immune to it for 1 minute, after which time it can be affected again.</p>

Arcane Eye	Level 4
Divination	Cast: 1 Action
Range: 30 feet	V, S, M
Duration: Up to 1 hour	a bit of bat fur
<p>You create an invisible, magical eye within range that hovers in the air for the duration. You mentally receive visual information from the eye, which has normal vision and darkvision out to 30 feet. The eye can look in every direction. As an action, you can move the eye up to 30 feet in any direction. There is no limit to how far away from you the eye can move, but it cant enter another plane of existence. A solid barrier blocks the eyes movement, but the eye can pass through an opening as small as 1 inch in diameter.</p>	
Player's Handbook p. 214	Wizard,

Arcane Gate	Level 6
Conjuration	Cast: 1 Action
Range: 500 feet	V, S
Duration: Up to 10 minutes	
<p>You create linked teleportation portals that remain open for the duration. Choose two points on the ground that you can see, one point within 10 feet of you and one point within 500 feet of you. A circular portal, 10 feet in diameter, opens over each point. If the portal would open in the space occupied by a creature, the spell fails, and the casting is lost.</p> <p>The portals are two-dimensional glowing rings filled with mist, hovering inches from the ground and perpendicular to it at the points you choose. A ring is visible only from one side (your choice), which is the side that functions as a portal. Any creature or object entering the portal exits from the other portal as if the two were adjacent to each other; passing through a portal from the nonportal side has no effect. The mist that fills each portal is opaque and blocks vision through it. On your turn, you can rotate the rings as a bonus action so that the active side faces in a different direction.</p>

Arcane Lock	Level 2
Abjuration	Cast: 1 Action
Range: Touch	V, S, M
Duration: Until dispelled	gold dust worth at least 25 gp, which the spell consumes
<p>You touch a closed door, window, gate, chest, or other entryway, and it becomes locked for the duration. You and the creatures you designate when you cast this spell can open the object normally. You can also set a password that, when spoken within 5 feet of the object, suppresses this spell for 1 minute. Otherwise, it is impassable until it is broken or the spell is dispelled or suppressed. Casting knock on the object suppresses arcane lock for 10 minutes.</p> <p>While affected by this spell, the object is more difficult to break or force open; the DC to break it or pick any locks on it increases by 10.</p>

Armor of Agathys	Level 1
Abjuration	Cast: 1 Action
Range: Self	V, S, M
Duration: 1 hour	a cup of water
<p>A protective magical force surrounds you, manifesting as a spectral frost that covers you and your gear. You gain 5 temporary hit points for the duration. If a creature hits you with a melee attack while you have these hit points, the creature takes 5 cold damage.</p>	
<p>When you cast this spell using a spell slot of 2nd level or higher, both the temporary hit points and the cold damage increase by 5 for each slot</p>	
Player's Handbook p. 215	Warlock,

Arms of Hadar	Level 1
Conjuration	Cast: 1 Action
Range: Self (10-foot radius)	V, S
Duration: Instantaneous	
<p>You invoke the power of Hadar, the Dark Hunger. Tendrils of dark energy erupt from you and batter all creatures within 10 feet of you. Each creature in that area must make a Strength saving throw. On a failed save, a target takes 2d6 necrotic damage and cant take reactions until its next turn. On a successful save, the creature takes half damage, but suffers no other effect.</p>	
<p>When you cast this spell using a spell slot of 2nd level or higher, the damage increases by 1d6 for each slot level above 1st.</p>	
Player's Handbook p. 215	Warlock,

Astral Projection	Level 9
Necromancy	Cast: 1 Hour
Range: 10 feet	V, S, M
Duration: Special	for each creature you affect with this spell, you must provide one jacinth worth at least 1,000 gp and one ornately carved bar of silver worth at least 100 gp, all of which the spell consumes
<p>You and up to eight willing creatures within range project your astral bodies into the Astral Plane (the spell fails and the casting is wasted if you are already on that plane). The material body you leave behind is unconscious and in a state of suspended animation; it doesn't need food or air and doesn't age.</p> <p>Your astral body resembles your mortal form in almost every way, replicating your game statistics and possessions. The principal difference is the addition of a silvery cord that extends from between your shoulder blades and trails behind you, fading to invisibility after 1 foot. This cord is your tether to your material body. As long as the tether remains intact, you can find your way home. If the cord is cut something that can happen only when an effect specifically states that it does your soul and body are separated, killing you instantly.</p> <p>Your astral form can freely travel through the Astral Plane and can pass through portals there leading to any other plane. If you enter a new plane or return to the plane you were on when casting this spell, your body and possessions are transported along the silver cord, allowing you to re-enter your body as you enter the new plane. Your astral form is a separate incarnation. Any damage or other effects that apply to it have no effect on your physical body, nor do they persist when you return to it. The spell ends for you and your companions when you use your action to dismiss it. When the spell ends, the affected creature returns to its physical body, and it awakens.</p> <p>The spell might also end early for you or one of your companions. A successful dispel magic spell used against an astral or physical body ends the spell for that creature. If a creature's original body or its astral form drops to 0 hit points, the spell ends for that creature. If the spell ends and the silver cord is intact, the cord pulls the creature's astral form back to its body, ending its state of suspended animation. If you are returned to your body prematurely, your companions remain in their astral forms and must find their own way back to their bodies, usually by dropping to 0 hit points.</p>

The DM chooses from the following possible omens:</p> <p>Weal, for good results Woe, for bad results Weal and woe, for both good and bad results Nothing, for results that arent especially good or bad</p> <p>The spell doesnt take into account any possible circumstances that might change the outcome, such as the casting of additional spells or the loss or gain of a companion. If you cast the spell two or more times before completing your next long rest, there is a cumulative 25 percent chance for each casting after the first that you get a random reading. If the spell ends before 1 minute has passed, the target reappears in the space it left or in the nearest unoccupied space if that space is occupied. Otherwise, the target doesn't return.</p>

Range: 120 feet	V, S, M
Duration: Up to 1 minute	An eggshell and a snakeskin glove
<p>You create a Large hand of shimmering, translucent force in an unoccupied space that you can see within range. The hand lasts for the spells duration, and it moves at your command, mimicking the movements of your own hand.</p> <p>The hand is an object that has AC 20 and hit points equal to your hit point maximum. If it drops to 0 hit points, the spell ends. It has a Strength of 26 (+8) and a Dexterity of 10 (+0). The hand doesnt fill its space.</p> <p>When you cast the spell and as a bonus action on your subsequent turns, you can move the hand up to 60 feet and then cause one of the following effects with it.</p> <p>Clenched Fist The hand strikes one creature or object within 5 feet of it. Make a melee spell attack for the hand using your game statistics. On a hit, the target takes 4d8 force damage.</p> <p>Forceful Hand The hand attempts to push a creature within 5 feet of it in a direction you choose. Make a check with the hands Strength contested by the Strength (Athletics) check of the target. If the target is Medium or smaller, you have advantage on the check. If you succeed, the hand pushes the target up to 5 feet plus a number of feet equal to five times your spellcasting ability modifier. The hand moves with the target to remain within 5 feet of it.</p> <p>Grasping Hand The hand attempts to grapple a Huge or smaller creature within 5 feet of it. You use the hands Strength score to resolve the grapple. If the target is Medium or smaller, you have advantage on the check. While the hand is grappling the target, you can use a bonus action to have the hand crush it. When you do so, the target takes bludgeoning damage equal to 2d6 + your spellcasting ability modifier.</p> <p>Interposing Hand The hand interposes itself between you and a creature you choose until you give the hand a different command. The hand moves to stay between you and the target, providing you with half cover against the target. The target cant move through the hands space if its Strength score is less than or equal to the hands Strength score. If its Strength score is higher than the hands Strength score, the target can move toward you through the hands space, but that space is difficult terrain for the target.</p>	
<p>When you cast this spell using a spell slot of 6th level or higher, the damage from the clenched fist option increases by 2d8 and the damage from the grasping hand increases by 2d6 for each slot level above 5th.</p>

Bones of the Earth	Level 6
Transmutation	Cast: 1 Action
Range: 120 feet	V, S
Duration: Instantaneous	
<p>You cause up to six pillars of stone to burst from places on the ground that you can see within range. Each pillar is a cylinder that has a diameter of 5 feet and a height of up to 30 feet. The ground where a pillar appears must be wide enough for its diameter, and you can target ground under a creature if that creature is Medium or smaller. Each pillar has AC 5 and 30 hit points. When reduced to 0 hit points, a pillar crumbles into rubble, which creates an area of difficult terrain with a 10-foot radius. The rubble lasts until cleared. If a pillar is created under a creature, that creature must succeed on a Dexterity saving throw or be lifted by the pillar. A creature can choose to fail the save. If a pillar is prevented from reaching its full height because of a ceiling or other obstacle, a creature on the pillar takes 6d6 bludgeoning damage and is restrained, pinched between the pillar and the obstacle. The restrained creature can use an action to make a Strength or Dexterity check (the creature's choice) against the spell's saving throw DC. On a success, the creature is no longer restrained and must either move off the pillar or fall off it. At Higher Levels. When you cast this spell using a spell slot of 7th level or higher, you can create two additional pillars for each slot level above 6th.</p>

It lasts for the duration or until strong wind dispereses the fog, ending the spell. Its area is heavily obscured. When a creature enters the spells area for the first time on a turn or starts its turn there, that creature must make a Constitution saving throw. The creature takes 5d8 poison damage on a failed save, or half as much damage on a successful one. Creatures are affected even if they hold their breath or dont need to breathe. The fog moves 10 feet away from you at the start of each of your turns, rolling along the surface of the ground. The vapors, being heavier than air, sink to the lowest level of the land, even pouring down openings.

Command	Level 1
Enchantment	Cast: 1 Action
Range: 60 feet	V
Duration: 1 round	
<p>You speak a one-word command to a creature you can see within range. The target must succeed on a Wisdom saving throw or follow the command on its next turn. The spell has no effect if the target is undead, if it doesn't understand your language, or if your command is directly harmful to it. Some typical commands and their effects follow. You might issue a command other than one described here. If you do so, the DM determines how the target behaves. If the target can't follow your command, the spell ends.</p> <p>ApproachThe target moves toward you by the shortest and most direct route, ending its turn if it moves within 5 feet of you.</p> <p>DropThe target drops whatever it is holding and then ends its turn.</p> <p>FleeThe target spends its turn moving away from you by the fastest available means.</p> <p>GrovelThe target falls prone and then ends its turn.</p> <p>HaltThe target doesn't move and takes no actions. Control Water	Level 4
Transmutation	Cast: 1 Action
Range: 300 feet	V,S,M
Duration: Up to 10 minutes	a drop of water and a pinch of dust
<p>Until the spell ends, you control any freestanding water inside an area you choose that is a cube up to 100 feet on a side. You can choose from any of the following effects when you cast this spell. As an action on your turn, you can repeat the same effect or choose a different one.</p> <p>Flood You cause the water level of all standing water in the area to rise by as much as 20 feet. If the area includes a shore, the flooding water spills over onto dry land. If you choose an area in a large body of water, you instead create a 20-foot tall wave that travels from one side of the area to the other and then crashes down. Any Huge or smaller vehicles in the waves path are carried with it to the other side. Any Huge or smaller vehicles struck by the wave have a 25 percent chance of capsizing. The water level remains elevated until the spell ends or you choose a different effect. If this effect produced a wave, the wave repeats on the start of your next turn while the flood effect lasts.</p> <p>Part Water You cause water in the area to move apart and create a trench. The trench extends across the spells area, and the separated water forms a wall to either side. The trench remains until the spell ends or you choose a different effect. The water then slowly fills in the trench over the course of the next round until the normal water level is restored.</p> <p>Redirect Flow You cause flowing water in the area to move in a direction you choose, even if the water has to flow over obstacles, up walls, or in other unlikely directions. The water in the area moves as you direct it, but once it moves beyond the spells area, it resumes its flow based on the terrain conditions. The water continues to move in the direction you chose until the spell ends or you choose a different effect.</p> <p>Whirlpool This effect requires a body of water at least 50 feet square and 25 feet deep. You cause a whirlpool to form in the center of the area. The whirlpool forms a vortex that is 5 feet wide at the base, up to 50 feet wide at the top, and 25 feet tall. Any creature or object in the water and within 25 feet of the vortex is pulled 10 feet toward it. A creature can swim away from the vortex by making a Strength (Athletics) check against your spell save DC. When a creature enters the vortex for the first time on a turn or starts its turn there, it must make a Strength saving throw. On a failed save, the creature takes 2d8 bludgeoning damage and is caught in the vortex until the spell ends. On a successful save, the creature takes half damage, and isnt caught in the vortex. A creature caught in the vortex can use its action to try to swim away from the vortex as described above, but has disadvantage on the Strength (Athletics) check to do so. The first time each turn that an object enters the vortex, the object takes 2d8 bludgeoning damage, this damage occurs each round it remains in the vortex.</p>

Transmutation	Cast: 1 Hour
Range: Touch	V, S, M
Duration: Instantaneous	clay, ash, and mandrake root, all of which the spell consumes, and a jewel-encrusted dagger worth at least 1,000 gp
<p>While speaking an intricate incantation, you cut yourself with a jewel-encrusted dagger, taking 2d4 piercing damage that cant be reduced in any way. You then drip your blood on the spells other components and touch them, transforming them into a special construct called a homunculus. The statistics of the homunculus are in the Monster Manual. It is your faithful companion, and it dies if you die. Whenever you finish a long rest, you can spend up to half your Hit Dice if the homunculus is on the same plane of existence as you. When you do so, roll each die and add your Constitution modifier to it. Your hit point maximum is reduced by the total, and the homunculus hit point maximum and current hit points are both increased by it. This process can reduce you to no lower than 1 hit point. and the change to your and the homunculus hit points ends when you finish your next long rest. The reduction to your hit point maximum cant be removed by any means before then, except by the homunculus death. You can have only one homunculus at a time. If you cast this spell while your homunculus lives, the spell fails.</p>

Create Undead	Level 6
Necromancy	Cast: 1 Minute
Range: 10 feet	V, S, M
Duration: Instantaneous	one clay pot filled with grave dirt, one clay pot filled with brackish water, and one 150 gp black onyx stone for each corpse
<p>You can cast this spell only at night. Choose up to three corpses of Medium or Small humanoids within range. Each corpse becomes a ghoul under your control. (The DM has game statistics for these creatures.) As a bonus action on each of your turns, you can mentally command any creature you animated with this spell if the creature is within 120 feet of you (if you control multiple creatures, you can command any or all of them at the same time, issuing the same command to each one). You decide what action the creature will take and where it will move during its next turn, or you can issue a general command, such as to guard a particular chamber or corridor. If you issue no commands, the creature only defends itself against hostile creatures. Once given an order, the creature continues to follow it until its task is complete.</p> <p>The creature is under your control for 24 hours, after which it stops obeying any command you have given it. To maintain control of the creature for another 24 hours, you must cast this spell on the creature before the current 24-hour period ends. This use of the spell reasserts your control over up to three creatures you have animated with this spell, rather than animating new ones.</p>	
<p>When you cast this spell using a 7th-level spell slot, you can animate or reassert control over four ghouls. When you cast this spell using an 8th-level spell slot, you can animate or reassert control over five ghouls or two ghouls or wights. When you cast this spell using a 9th-level spell slot, you can animate or reassert control over six ghouls, three ghouls or wights, or two mummies.</p>

Delayed Blast Fireball	Level 7
Evocation	Cast: 1 Action
Range: 150 feet	V, S, M
Duration: Up to 1 minute	a tiny ball of bat guano and sulfur
<p>A beam of yellow light flashes from your pointing finger, then condenses to linger at a chosen point within range as a glowing bead for the duration. When the spell ends, either because your concentration is broken or because you decide to end it, the bead blossoms with a low roar into an explosion of flame that spreads around corners. Each creature in a 20-foot-radius sphere centered on that point must make a Dexterity saving throw. A creature takes fire damage equal to the total accumulated damage on a failed save, or half as much damage on a successful one. The spells base damage is 12d6. If at the end of your turn the bead has not yet detonated, the damage increases by 1d6.</p> <p>If the glowing bead is touched before the interval has expired, the creature touching it must make a Dexterity saving throw. On a failed save, the spell ends immediately, causing the bead to erupt in flame. On a successful save, the creature can throw the bead up to 40 feet. When it strikes a creature or a solid object, the spell ends, and the bead explodes. The fire damages objects in the area and ignites flammable objects that arent being worn or carried.</p>

When the spell ends, the door disappears, and any creatures or objects inside the demiplane remain trapped there, as the door also disappears from the other side.</p> <p>Each time you cast this spell, you can create a new demiplane, or have the shadowy door connect to a demiplane you created with a previous casting of this spell. Detect Thoughts	Level 2
Divination	Cast: 1 Action
Range: Self	V, S, M
Duration: Up to 1 minute	a copper piece
<p>For the duration, you can read the thoughts of certain creatures. When you cast the spell and as your action on each turn until the spell ends, you can focus your mind on any one creature that you can see within 30 feet of you. If the creature you choose has an Intelligence of 3 or lower or doesn't speak any language, the creature is unaffected.</p> <p>You initially learn the surface thoughts of the creature what is most on its mind in that moment. As an action, you can either shift your attention to another creature's thoughts or attempt to probe deeper into the same creature's mind. If you probe deeper, the target must make a Wisdom saving throw. If it fails, you gain insight into its reasoning (if any), its emotional state, and something that looms large in its mind (such as something it worries over, loves, or hates). If it succeeds, the spell ends. Either way, the target knows that you are probing into its mind, and unless you shift your attention to another creature's thoughts, the creature can use its action on its turn to make an Intelligence check contested by your Intelligence check; if it succeeds, the spell ends.</p> <p>Questions verbally directed at the target creature naturally shape the course of its thoughts, so this spell is particularly effective as part of an interrogation.</p> <p>You can also use this spell to detect the presence of thinking creatures you can't see. When you cast the spell or as your action during the duration, you can search for thoughts within 30 feet of you. The spell can penetrate barriers, but 2 feet of rock, 2 inches of any metal other than lead, or a thin sheet of lead blocks you. You can't detect a creature with an Intelligence of 3 or lower or one that doesn't speak any language. Once you detect the presence of a creature in this way, you can read its thoughts for the rest of the duration as described above, even if you can't see it, but it must still be within range.</p>

It can be a place you can see, one you can visualize, or one you can describe by stating distance and direction, such as "200 feet straight downward" or "upward to the northwest at a 45-degree angle, 300 feet".</p> <p>You can bring along objects as long as their weight doesn't exceed what you can carry. You can also bring one willing creature of your size or smaller who is carrying gear up to its carrying capacity. The creature must be within 5 feet of you when you cast this spell.</p> <p>If you would arrive in a place already occupied by an object or a creature, you and any creature traveling with you each take 4d6 force damage, and the spell fails to teleport you.</p>

Disguise Self	Level 1
Illusion	Cast: 1 Action
Range: Self	V, S
Duration: 1 hour	
<p>You make yourself—including your clothing, armor, weapons, and other belongings on your person—look different until the spell ends or until you use your action to dismiss it. You can seem 1 foot shorter or taller and can appear thin, fat, or in between. You can't change your body type, so you must adopt a form that has the same basic arrangement of limbs. Otherwise, the extent of the illusion is up to you.</p> <p>The changes wrought by this spell fail to hold up to physical inspection. For example, if you use this spell to add a hat to your outfit, objects pass through the hat, and anyone who touches it would feel nothing or would feel your head and hair. If you use this spell to appear thinner than you are, the hand of someone who reaches out to touch you would bump into you while it was seemingly still in midair. To discern that you are disguised, a creature can use its action to inspect your appearance and must succeed on an Intelligence (Investigation) check against your spell save DC.</p>

The target can be a creature, an object, or a creation of magical force, such as the wall created by wall of force.</p> <p>A creature targeted by this spell must make a Dexterity saving throw. On a failed save, the target takes 10d6 + 40 force damage. If this damage reduces the target to 0 hit points, it is disintegrated.</p> <p>A disintegrated creature and everything it is wearing and carrying, except magic items, are reduced to a pile of fine gray dust. The creature can be restored to life only by means of a true resurrection or a wish spell.</p> <p>This spell automatically disintegrates a Large or smaller nonmagical object or a creation of magical force. If the target is a Huge or larger object or creation of force, this spell disintegrates a 10-foot-cube portion of it. A magic item is unaffected by this spell.</p>

Range: 60 feet	V, S
Duration: Up to 1 minute	
<p>You attempt to beguile a beast that you can see within range. It must succeed on a W isdom saving throw or be charmed by you for the duration. If you or creatures that are friendly to you are fighting it, it has advantage on the saving throw.</p> <p>While the beast is charmed, you have a telepathic link with it as long as the two of you are on the same plane of existence. You can use this telepathic link to issue commands to the creature while you are conscious (no action required), which it does its best to obey. You can specify a simple and general course of action, such as Attack that creature, Run over there, or Fetch that object. If the creature completes the order and doesnt receive further direction from you, it defends and preserves itself to the best of its ability.</p> <p>You can use your action to take total and precise control of the target. Until the end of your next turn, the creature takes only the actions you choose, and doesnt do anything that you dont allow it to do. During this time, you can also cause the creature to use a reaction, but this requires you to use your own reaction as well.</p> <p>Each time the target takes damage, it makes a new Wisdom saving throw against the spell. If the saving throw succeeds, the spell ends.</p>	
<p>When you cast this spell with a 5th-level spell slot, the duration is concentration, up to 10 minutes. When you use a 6th-level spell slot, the duration is concentration, up to 1 hour. When you use a spell slot of 7th level or higher, the duration is concentration, up to 8 hours</p>

Conjuration	Cast: 1 Minute
Range: Touch	V, S, M
Duration: Until dispelled	a sapphire worth 1,000 gp
<p>You touch an object weighing 10 pounds or less whose longest dimension is 6 feet or less. The spell leaves an invisible mark on its surface and invisibly inscribes the name of the item on the sapphire you use as the material component. Each time you cast this spell, you must use a different sapphire.</p> <p>At any time thereafter, you can use your action to speak the items name and crush the sapphire. The item instantly appears in your hand regardless of physical or planar distances, and the spell ends. If another creature is holding or carrying the item, crushing the sapphire doesnt transport the item to you, but instead you learn who the creature possessing the object is and roughly where that creature is located at that moment.</p> <p>Dispel magic or a similar effect successfully applied to the sapphire ends this spells effect.</p>

<p>This spell shapes a creatures dreams. Choose a creature known to you as the target of this spell. The target must be on the same plane of existence as you. Creatures that dont sleep, such as elves, cant be contacted by this spell. You, or a willing creature you touch, enters a trance state, acting as a messenger. While in the trance, the messenger is aware of his or her surroundings, but cant take actions or move.</p> <p>If the target is asleep, the messenger appears in the targets dreams and can converse with the target as long as it remains asleep, through the duration of the spell. The messenger can also shape the environment of the dream, creating landscapes, objects, and other images. The messenger can emerge from the trance at any time, ending the effect of the spell early. The target recalls the dream perfectly upon waking. If the target is awake when you cast the spell, the messenger knows it, and can either end the trance (and the spell) or wait for the target to fall asleep, at which point the messenger appears in the targets dreams.</p> <p>You can make the messenger appear monstrous and terrifying to the target. If you do, the messenger can deliver a message of no more than ten words and then the target must make a Wisdom saving throw. On a failed save, echoes of the phantasmal monstrosity spawn a nightmare that lasts the duration of the targets sleep and prevents the target from gaining any benefit from that rest. In addition, when the target wakes up, it takes 3d6 psychic damage.</p> <p>If you have a body part, lock of hair, clipping from a nail, or similar portion of the targets body, the target makes its saving throw with disadvantage.</p>

Druid Grove	Level 6
Abjuration	Cast: 10 Minutes
Range: Touch	V, S, M
Duration: 24 hours	mistletoe, which the spell consumes, that was harvested with a golden sickle under the light of a full moon
<p>You invoke the spirits of nature to protect an area outdoors or underground. The area can be as small as a 30-foot cube or as large as a 90-foot cube. Buildings and other structures are excluded from the affected area. If you cast this spell in the same area every day for a year, the spell lasts until dispelled. The spell creates the following effects within the area. When you cast this spell, you can specify creatures as friends who are immune to the effects. You can also specify a password that, when spoken aloud, makes the speaker immune to these effects. The entire warded area radiates magic. A dispel magic cast on the area, if successful, removes only one of the following effects, not the entire area. That spells caster chooses which effect to end. Only when all its effects are gone is this spell dispelled. Solid Fog. You can fill any number of 5-foot squares on the ground with thick fog, making them heavily obscured. The fog reaches 10 feet high. In addition, every foot of movement through the fog costs 2 extra feet. To a creature immune to this effect, the fog obscures nothing and looks like soft mist, with motes of green light floating in the air. Grasping Undergrowth. You can fill any number of 5-foot squares on the ground that arent filled with fog with grasping weeds and vines, as if they were affected by an entangle spell. To a creature immune to this effect, the weeds and vines feel soft and reshape themselves to serve as temporary seats or beds. Grove Guardians. You can animate up to four trees in the area, causing them to uproot themselves from the ground. These trees have the same statistics as an awakened tree, which appears in the Monster Manual, except they cant speak, and their bark is covered with druidic symbols. If any creature not immune to this effect enters the warded area, the grove guardians fight until they have driven off or slain the intruders. The grove guardians also obey your spoken commands (no action required by you) that you issue while in the area. If you don't give them commands and no intruders are present, the grove guardians do nothing. The grove guardians cant leave the warded area. When the spell ends, the magic animating them disappears, and the trees take root again if possible. Additional Spell Effect. You can place your choice of one of the following magical effects within the warded area: - A constant gust of Wind in two locations of your choice - Spike growth in one location of your choice - Wind wall in two locations of your choice To a creature immune to this effect, the winds are a fragrant, gentle breeze, and the area of spike growth is harmless.</p>

On a successful save, the creature takes half as much damage and isnt pushed. As a bonus action, you can move the dust devil up to 30 feet in any direction. If the dust devil moves over sand, dust, loose dirt, or small gravel, it sucks up the material and forms a 10-foot-radius cloud of debris around itself that lasts until the start of your next turn. Earthquake	Level 8
Evocation	Cast: 1 Action
Range: 500 feet	V, S, M
Duration: Up to 1 minute	a pinch o f dirt, a piece o f rock, and a lump of clay
<p>You create a seismic disturbance at a point on the ground that you can see within range. For the duration, an intense tremor rips through the ground in a 100-foot- radius circle centered on that point and shakes creatures and structures in contact with the ground in that area.</p> <p>The ground in the area becomes difficult terrain. Each creature on the ground that is concentrating must make a Constitution saving throw. On a failed save, the creatures concentration is broken.</p> <p>When you cast this spell and at the end of each turn you spend concentrating on it, each creature on the ground in the area must make a Dexterity saving throw. On a failed save, the creature is knocked prone. This spell can have additional effects depending on the terrain in the area, as determined by the DM. Fissures. Fissures open throughout the spells area at the start of your next turn after you cast the spell. A total of 1d6 such fissures open in locations chosen by the DM. Each is 1d10 x 10 feet deep, 10 feet wide, and extends from one edge of the spells area to the opposite side. A creature standing on a spot where a fissure opens must succeed on a Dexterity saving throw or fall in. A creature that successfully saves moves with the fissures edge as it opens. A fissure that opens beneath a structure causes it to automatically collapse (see below).</p> <p>Structures. The tremor deals 50 bludgeoning damage to any structure in contact with the ground in the area when you cast the spell and at the start of each of your turns until the spell ends. If a structure drops to 0 hit points, it collapses and potentially damages nearby creatures. A creature within half the distance of a structures height must make a Dexterity saving throw. On a failed save, the creature takes 5d6 bludgeoning damage, is knocked prone, and is buried in the rubble, requiring a DC 20 Strength (Athletics) check as an action to escape. The DM can adjust the DC higher or lower, depending on the nature of the rubble. On a successful save, the creature takes half as much damage and doesnt fall prone or become buried.</p>

You reach into the mind of one creature you can see and force it to make an Intelligence saving throw. A creature automatically succeeds if it is immune to being frightened. On a failed save, the target loses the ability to distinguish friend from foe, regarding all creatures it can see as enemies until the spell ends. Each time the target takes damage, it can repeat the saving throw, ending the effect on itself on a success. Whenever the affected creature chooses another creature as a target, it must choose the target at random from among the creatures it can see within range of the attack, spell, or other ability its using. If an enemy provokes an opportunity attack from the affected creature, the creature must make that attack if it is able to.

<p>You convert raw materials into products of the same material. For example, you can fabricate a wooden bridge from a clump of trees, a rope from a patch of hemp, and clothes from flax or wool.</p> <p>Choose raw materials that you can see within range. You can fabricate a Large or smaller object (contained within a 10-foot cube, or eight connected 5-foot cubes), given a sufficient quantity of raw material. If you are working with metal, stone, or another mineral substance, however, the fabricated object can be no larger than Medium (contained within a single 5-foot cube). The quality of objects made by the spell is commensurate with the quality of the raw materials.</p> <p>Creatures or magic items cant be created or transmuted by this spell. You also cant use it to create items that ordinarily require a high degree of craftsmanship, such as jewelry, weapons, glass, or armor, unless you have proficiency with the type of artisans tools used to craft such objects.</p>

Find Familiar	Level 1
Conjuration	Cast: 1 Hour
Range: 10 feet	V, S, M
Duration: Instantaneous	10 gp worth of charcoal, incense, and herbs that must be consumed by fire in a brass brazier
<p>You gain the service of a familiar, a spirit that takes an animal form you choose: bat, cat, crab, frog (toad), hawk, lizard, octopus, owl, poisonous snake, fish (quipper), rat, raven, sea horse, spider, or weasel. Appearing in an unoccupied space within range, the familiar has the statistics of the chosen form, though it is a celestial, fey or fiend (your choice) instead of a beast.</p> <p>Your familiar acts independently of you, but it always obeys your commands. In combat, it rolls its own initiative and acts on its own turn. A familiar can't attack, but it can take other actions as normal.</p> <p>When the familiar drops to 0 hit points, it disappears, leaving behind no physical form. It reappears after you cast this spell again.</p> <p>While your familiar is within 100 feet of you, you can communicate with it telepathically. Additionally, as an action, you can see through your familiar's eyes and hear what it hears until the start of your next turn, gaining the benefits of any special senses that the familiar has. During this time, you are deaf and blind with regard to your own senses.</p> <p>As an action, you can temporarily dismiss your familiar. It disappears into a pocket dimension where it awaits your summons. Alternatively, you can dismiss it forever. As an action while it is temporarily dismissed, you can cause it to reappear in any unoccupied space within 30 feet of you.</p> <p>You can't have more than one familiar at a time. If you cast this spell while you already have a familiar, you instead cause it to adopt a new form. Choose one of the forms from the above list. Your familiar transforms into the chosen creature.</p> <p>Finally, when you cast a spell with a range of touch, your familiar can deliver the spell as if it had cast the spell. Your familiar must be within 100 feet of you, and it must use its reaction to deliver the spell when you cast it. If the spell requires an attack roll, you use your attack modifier for the roll.</p>

Find Greater Steed	Level 4
Conjuration	Cast: 10 Minutes
Range: 30 feet	V, S
Duration: Instantaneous	
<p>You summon a spirit that assumes the form of a loyal, majestic mount. Appearing in an unoccupied space within range, the spirit takes on a form you choose: a griffon, a pegasus, a peryton, a dire wolf, a rhinoceros, or a sabertoothed tiger. The creature has the statistics provided in the Monster Manual for the chosen form, though it is a celestial, a fey, or a fiend (your choice) instead of its normal creature type. Additionally, if it has an Intelligence score of 5 or lower, its Intelligence becomes 6, and it gains the ability to understand one language of your choice that you speak. You control the mount in combat. While the mount is within 1 mile of you, you can communicate with it telepathically. While mounted on it, you can make any spell you cast that targets only you also target the mount. The mount disappears temporarily when it drops to 0 hit points or when you dismiss it as an action. Casting this spell again resummons the bonded mount, with all its hit points restored and any conditions removed. You cant have more than one mount bonded by this spell or find steed at the same time. As an action, you can release a mount from its bond, causing it to disappear permanently. Whenever the mount disappears, it leaves behind any objects it was wearing or carrying.</p>

(Your DM might allow other animals to be summoned as steeds.) The steed has the statistics of the chosen form, though it is a celestial, fey, or fiend (your choice) instead of its normal type. Additionally, if your steed has an Intelligence of 5 or less, its Intelligence becomes 6, and it gains the ability to understand one language of your choice that you speak.</p> <p>Your steed serves you as a mount, both in combat and out, and you have an instinctive bond with it that allows you to fight as a seamless unit. While mounted on your steed, you can make any spell you cast that targets only you also target your steed.</p> <p>When the steed drops to 0 hit points, it disappears, leaving behind no physical form. Find Traps	Level 2
Divination	Cast: 1 Action
Range: 120 feet	V, S
Duration: Instantaneous	
<p>You sense the presence of any trap within range that is within line of sight. A trap, for the purpose of this spell, includes anything that would inflict a sudden or unexpected effect you consider harmful or undesirable, which was specifically intended as such by its creator. Thus, the spell would sense an area affected by the alarm spell, a glyph of warding, or a mechanical pit trap, but it would not reveal a natural weakness in the floor, an unstable ceiling, or a hidden sinkhole.</p> <p>This spell merely reveals that a trap is present. You don't learn the location of each trap, but you do learn the general nature of the danger posed by a trap you sense.</p>

While you are traveling there, whenever you are presented with a choice of paths along the way, you automatically determine which path is the shortest and most direct route (but not necessarily the safest route) to the destination.</p>

Duration: 10 days	a pinch of salt and one copper piece placed on each of the corpses eyes, which must remain there for the duration
<p>You touch a corpse or other remains. Giant Insect	Level 4
Transmutation	Cast: 1 Action
Range: 30 feet	V, S
Duration: Up to 10 minutes	
<p>You transform up to ten centipedes, three spiders, five wasps, or one scorpion within range into giant versions of their natural forms for the duration. A centipede becomes a giant centipede, a spider becomes a giant spider, a wasp becomes a giant wasp, and a scorpion becomes a giant scorpion.</p> <p>Each creature obeys your verbal commands, and in combat, they act on your turn each round. The DM has the statistics for these creatures and resolves their actions and movement.</p> <p>A creature remains in its giant size for the duration, until it drops to 0 hit points, or until you use an action to dismiss the effect on it.</p> <p>The DM might allow you to choose different targets. For example, if you transform a bee, its giant version might have the same statistics as a giant wasp.</p>

Abjuration	Cast: 1 Action
Range: Self (10-foot radius)	V, S, M
Duration: Up to 1 minute	a glass or crystal bead that shatters when the spell ends
<p>An immobile, faintly shimmering barrier springs into existence in a 10-foot radius around you and remains for the duration.</p> <p>Any spell of 5th level or lower cast from outside the barrier cant affect creatures or objects within it, even if the spell is cast using a higher level spell slot. Such a spell can target creatures and objects within the barrier, but the spell has no effect on them. Similarly, the area within the barrier is excluded from the areas affected by such spells.</p>	
<p>When you cast this spell using a spell slot of 7th level or higher, the barrier blocks spells of one level higher for each slot level above 6th.</p>

Glyph of Warding	Level 3
Abjuration	Cast: 1 Hour
Range: Touch	V, S, M
Duration: Until dispelled or triggered	incense and powdered diamond worth at least 200 gp, which the spell consumes
<p>When you cast this spell, you inscribe a glyph that harms other creatures, either upon a surface (such as a table or a section of floor or wall) or within an object that can be closed (such as a book, a scroll, or a treasure chest) to conceal the glyph. If you choose a surface, the glyph can cover an area of the surface no larger than 10 feet in diameter. If you choose an object, that object must remain in its place; if the object is moved more than 10 feet from where you cast this spell, the glyph is broken, and the spell ends without being triggered.</p> <p>The glyph is nearly invisible and requires a successful Intelligence (Investigation) check against your spell save DC to be found.</p> <p>You decide what triggers the glyph when you cast the spell. For glyphs inscribed on a surface, the most typical triggers include touching or standing on the glyph, removing another object covering the glyph, approaching within a certain distance of the glyph, or manipulating the object on which the glyph is inscribed. For glyphs inscribed within an object, the most common triggers include opening that object, approaching within a certain distance of the object, or seeing or reading the glyph. Once a glyph is triggered, this spell ends.</p> <p>You can further refine the trigger so the spell activates only under certain circumstances or according to physical characteristics (such as height or weight), creature kind (for example, the ward could be set to affect aberrations or drow), or alignment. You can also set conditions for creatures that don't trigger the glyph, such as those who say a certain password.</p> <p>When you inscribe the glyph, choose explosive runes or a spell glyph.</p> <p>Explosive Runes When triggered, the glyph erupts with magical energy in a 20-foot-radius sphere centered on the glyph. The sphere spreads around corners. Each creature in the area must make a Dexterity saving throw. A creature takes 5d8 acid, cold, fire, lightning, or thunder damage on a failed saving throw (your choice when you create the glyph), or half as much damage on a successful one.</p> <p>Spell Glyph You can store a prepared spell of 3rd level or lower in the glyph by casting it as part of creating the glyph. The spell must target a single creature or an area. The spell being stored has no immediate effect when cast in this way. When the glyph is triggered, the stored spell is cast. If the spell has a target, it targets the creature that triggered the glyph. If the spell affects an area, the area is centered on that creature. If the spell summons hostile creatures or creates harmful objects or traps, they appear as close as possible to the intruder and attack it. If the spell requires concentration, it lasts until the end of its full duration.</p>	
<p>When you cast this spell using a spell slot of 4th level or higher, the damage of an explosive runes glyph increases by 1d8 for each slot level above 3rd. If you create a spell glyph, you can store any spell of up to the same level as the slot you use for the glyph of warding.</p>

<p>You create a ward that protects up to 2,500 square feet of floor space (an area 50 feet square, or one hundred 5-foot squares or twenty-five 10-foot squares). The warded area can be up to 20 feet tall, and shaped as you desire. You can ward several stories of a stronghold by dividing the area among them, as long as you can walk into each contiguous area while you are casting the spell.</p> <p>When you cast this spell, you can specify individuals that are unaffected by any or all of the effects that you choose. You can also specify a password that, when spoken aloud, makes the speaker immune to these effects.</p> <p>Guards and wards creates the following effects within the warded area.</p> <p>Corridors Fog fills all the warded corridors, making them heavily obscured. In addition, at each intersection or branching passage offering a choice of direction, there is a 50 percent chance that a creature other than you will believe it is going in the opposite direction from the one it chooses.</p> <p>Doors All doors in the warded area are magically locked, as if sealed by an arcane lock spell. In addition, you can cover up to ten doors with an illusion (equivalent to the illusory object function of the minor illusion spell) to make them appear as plain sections of wall.</p> <p>Stairs Webs fill all stairs in the warded area from top to bottom, as the web spell. These strands regrow in 10 minutes if they are burned or torn away while guards and wards lasts.</p> <p>Other Spell Effect You can place your choice of one of the following magical effects within the warded area of the stronghold. Place dancing lights in four corridors. You can designate a simple program that the lights repeat as long as guards and wards lasts. Place magic mouth in two locations. Place stinking cloud in two locations. The vapors appear in the places you designate; they return within 10 minutes if dispersed by wind while guards and wards lasts. Place a constant gust of wind in one corridor or room. Place a suggestion in one location. You select an area of up to 5 feet square, and any creature that enters or passes through the area receives the suggestion mentally.</p> <p>The whole warded area radiates magic. A dispel magic cast on a specific effect, if successful, removes only that effect. You can create a permanently guarded and warded structure by casting this spell there every day for one year.</p>

<p>You imbue a weapon you touch with holy power. Until the spell ends, the weapon emits bright light in a 30-foot radius and dim light for an additional 30 feet. In addition, weapon attacks made with it deal an extra 2d8 radiant damage on a hit. If the weapon isn't already a magic weapon, it becomes one for the duration. As a bonus action on your turn, you can dismiss this spell and cause the weapon to emit a burst of radiance. Each creature of your choice that you can see within 30 feet of you must make a Constitution saving throw. On a failed save, a creature takes 4d8 radiant damage, and it is blinded for 1 minute. On a successful save, a creature takes half as much damage and isn't blinded. At the end of each of its turns, a blinded creature can make a Constitution saving throw, ending the effect on itself on a success.</p>

Illusory Dragon	Level 8
Illusion	Cast: 1 Action
Range: 120 feet	S
Duration: Up to 1 minute	
<p>By gathering threads of shadow material from the Shadowfell, you create a Huge shadowy dragon in an unoccupied space that you can see within range. The illusion lasts for the spells duration and occupies its space, as if it were a creature. When the illusion appears, any of your enemies that can see it must succeed on a Wisdom saving throw or become frightened of it for 1 minute. If a frightened creature ends its turn in a location where it doesnt have line of sight to the illusion, it can repeat the saving throw, ending the effect on itself on a success. As a bonus action on your turn, you can move the illusion up to 60 feet. At any point during its movement, you can cause it to exhale a blast of energy in a 60-foot cone originating from its space. When you create the dragon, choose a damage type: acid, cold, fire, lightning, necrotic, or poison. Each creature in the cone must make an Intelligence saving throw, taking 7d6 damage of the chosen damage type on a failed save, or half as much damage on a successful one. The illusion is tangible because of the shadow stuff used to create it, but attacks miss it automatically. it succeeds on all saving throws, and it is immune to all damage and conditions. A creature that uses an action to examine the dragon can determine that it is an illusion by succeeding on an Intelligence (Investigation) check against your spell save DC. If a creature discerns the illusion for what it is, the creature can see through it and has advantage on saving throws against its breath.</p>

Imprisonment	Level 9
Abjuration	Cast: 1 Minute
Range: 30 feet	V, S, M
Duration: Until dispelled	a vellum depiction or a carved statuette in the likeness of the target, and a special component that varies according to the version of the spell you choose, worth at least 500 gp per Hit Die of the target

You create a magical restraint to hold a creature that you can see within range. The target must succeed on a Wisdom saving throw or be bound by the spell; if it succeeds, it is immune to this spell if you cast it again. While affected by this spell, the creature doesn't need to breathe, eat, or drink, and it doesn't age. Divination spells can't locate or perceive the target.

When you cast the spell, you choose one of the following forms of imprisonment.

Burial The target is entombed far beneath the earth in a sphere of magical force that is just large enough to contain the target. Nothing can pass through the sphere, nor can any creature teleport or use planar travel to get into or out of it. The special component for this version of the spell is a small mithral orb.

Chaining Heavy chains, firmly rooted in the ground, hold the target in place. The target is restrained until the spell ends, and it can't move or be moved by any means until then. The special component for this version of the spell is a fine chain of precious metal.

Hedged Prison The spell transports the target into a tiny demiplane that is warded against teleportation and planar travel. The demiplane can be a labyrinth, a cage, a tower, or any similar confined structure or area of your choice. The special component for this version of the spell is a miniature representation of the prison made from jade.

Minimus Containment The target shrinks to a height of 1 inch and is imprisoned inside a gemstone or similar object. Light can pass through the gemstone normally (allowing the target to see out and other creatures to see in), but nothing else can pass through, even by means of teleportation or planar travel. The gemstone can't be cut or broken while the spell remains in effect. The special component for this version of the spell is a large, transparent gemstone, such as a corundum, diamond, or ruby.

Slumber The target falls asleep and can't be awoken. The special component for this version of the spell consists of rare soporific herbs.

Ending the Spell During the casting of the spell, in any of its versions, you can specify a condition that will cause the spell to end and release the target. The condition can be as specific or as elaborate as you choose, but the DM must agree that the condition is reasonable and has a likelihood of coming to pass. The conditions can be based on a creature's name, identity, or deity but otherwise must be based on observable actions or qualities and not based on intangibles such as level, class, or hit points. A dispel magic spell can end the spell only if it is cast as a 9th-level spell, targeting either the prison or the special component used to create it.

You can use a particular special component to create only one prison at

<p>Uttering a dark incantation, you summon a devil from the Nine Hells. You choose the devils type, which must be one of challenge rating 6 or lower, such as a barbed devil or a bearded devil. The devil appears in an unoccupied space that you can see within range. The devil disappears when it drops to 0 hit points or when the spell ends. The devil is unfriendly toward you and your companions. Roll initiative for the devil, which has its own turns. It is under the Dungeon Masters control and acts according to its nature on each of its turns, which might result in its attacking you if it thinks it can prevail, or trying to tempt you to undertake an evil act in exchange for limited service. The DM has the creatures statistics. On each of your turns, you can try to issue a verbal command to the devil (no action required by you). It obeys the command if the likely outcome is in accordance with its desires, especially if the result would draw you toward evil. Otherwise, you must make a Charisma (Deception, Intimidation, or Persuasion) check contested by its Wisdom (Insight) check. You make the check with advantage if you say the devils true name. If your check fails, the devil becomes immune to your verbal commands for the duration of the spell, though it can still carry out your commands if it chooses. If your check succeeds, the devil carries out your command such as attack my enemies, explore the room ahead,” or bear this message to the queen”until it completes the activity, at which point it returns to you to report having done so. If your concentration ends before the spell reaches its full duration, the devil doesnt disappear if it has become immune to your verbal commands. Instead, it acts in whatever manner it chooses for 3d6 minutes, and then it disappears. If you possess an individual devils talisman, you can summon that devil if it is of the appropriate challenge rating plus 1, and it obeys all your commands, with no Charisma checks required.</p>	
When you cast this spell using a spell slot of 6th level or higher, the challenge rating increases by 1 for each slot level above 5th.

<p>You create a 10-foot-radius, 20-foot-tall cylinder of magical energy centered on a point on the ground that you can see within range. Glowing runes appear wherever the cylinder intersects with the floor or other surface.</p> <p>Choose one or more of the following types of creatures: celestials, elementals, fey, fiends, or undead. The circle affects a creature of the chosen type in the following ways:</p> <p>* The creature can't willingly enter the cylinder by nonmagical means. If the creature tries to use teleportation or interplanar travel to do so, it must first succeed on a Charisma saving throw. * The creature has disadvantage on attack rolls against targets within the cylinder. * Targets within the cylinder can't be charmed, frightened, or possessed by the creature.</p> <p>When you cast this spell, you can elect to cause its magic to operate in the reverse direction, preventing a creature of the specified type from leaving the cylinder and protecting targets outside it.</p> <p>When you cast this spell using a spell slot of 4th level or higher, the duration increases by 1 hour for each slot level above 3rd.</p>

Magic Jar	Level 6
Necromancy	Cast: 1 Minute
Range: Self	V, S, M
Duration: Until dispelled	a gem, crystal, reliquary, or some other ornamental container worth at least 500 gp
<p>Your body falls into a catatonic state as your soul leaves it and enters the container you used for the spells material component. While your soul inhabits the container, you are aware of your surroundings as if you were in the containers space. You cant move or use reactions. The only action you can take is to project your soul up to 100 feet out of the container, either returning to your living body (and ending the spell) or attempting to possess a humanoids body.</p> <p>You can attempt to possess any humanoid within 100 feet of you that you can see (creatures warded by a protection from evil and good or magic circle spells cant be possessed). The target must make a Charisma saving throw. On a failure, your soul moves into the targets body, and the targets soul becomes trapped in the container. On a success, the target resists your efforts to possess it, and you cant attempt to possess it again for 24 hours.</p> <p>Once you possess a creatures body, you control it. Your game statistics are replaced by the statistics of the creature though you retain your alignment and your Intelligence, Wisom, and Charisma scores. You retain the benefit of your own class feature. If the target has any class levels, you cant use any of its class features.</p> <p>Meanwhile, the possessed creatures soul can perceive from the container using its own senses, but it cant move or take actions at all.</p> <p>While possessing a body, you can use your action to return from the host body to the container if it is within 100 feet of you, returning the host creatures soul to its body. If the host body dies while youre in it, the creature dies, and you must make a Charisma saving throw against your own spellcasting DC. On a success, you return to the container if it is within 100 feet of you. Otherwise, you die.</p> <p>If the container is destroyed or the spell ends, your soul immediately returns to your body. If your body is more than 100 feet away from you, or if your body is dead when you attempt to return to it, you die. If another creatures soul is in the container when it is destroyed, the creatures soul returns to its body if the body is alive and within 100 feet. Otherwise, that creature dies.</p> <p>When the spell ends, the container is destroyed.</p>

Magic Mouth	Level 2
Illusion	Cast: 1 Minute
Range: 30 feet	V, S, M
Duration: Until dispelled	a small bit of honeycomb and jade dust worth at least 10 gp, which the spell consumes
<p>You implant a message within an object in range, a message that is uttered when a trigger condition is met. Choose an object that you can see and that isn't being worn or carried by another creature. Then speak the message, which must be 25 words or less, though it can be delivered over as long as 10 minutes. Finally, determine the circumstance that will trigger the spell to deliver your message.</p> <p>When that circumstance occurs, a magical mouth appears on the object and recites the message in your voice and at the same volume you spoke. If the object you chose has a mouth or something that looks like a mouth (for example, the mouth of a statue), the magical mouth appears there so that words appear to come from the object's mouth. When you cast this spell, you can have the spell end after it delivers its message, or it can remain and repeats its message whenever the trigger occurs.</p> <p>The triggering circumstance can be as general or as detailed as you like, though it must be based on visual or audible conditions that occur within 30 feet of the object. For example, you could instruct the mouth to speak when any creature moves within 30 feet of the object or when a silver bell rings within 30 feet of it.</p>

Magic Stone	Level Cantrip
Transmutation	Cast: 1 Bonus Action
Range: Touch	V, S
Duration: 1 minute	
<p>You touch one to three pebbles and imbue them with magic. You or someone else can make a ranged spell attack with one of the pebbles by throwing it or hurling it with a sling. If thrown, a pebble has a range of 60 feet. If someone else attacks with a pebble, that attacker adds your spellcasting ability modifier, not the attackers, to the attack roll. On a hit, the target takes bludgeoning damage equal to 1d6 + your spellcasting ability modifier. Whether the attack hits or misses, the spell then ends on the stone. If you cast this spell again, the spell ends on any pebbles still affected by your previous casting.</p>

Major Image	Level 3
Illusion	Cast: 1 Action
Range: 120 feet	V, S, M
Duration: Up to 10 minutes	a bit of fleece
<p>You create the image of an object, a creature, or some other visible phenomenon that is no larger than a 20-foot cube. The image appears at a spot that you can see within range and lasts for the duration. It seems completely real, including sounds, smells, and temperature appropriate to the thing depicted. You cant create sufficient heat or cold to cause damage, a sound loud enough to deal thunder damage or deafen a creature, or a smell that might sicken a creature (like a troglodytes stench).</p> <p>As long as you are within range of the illusion, you can use your action to cause the image to move to any other spot within range. As the image changes location, you can alter its appearance so that its movements appear natural for the image. For example, if you create an image of a creature and move it, you can alter the image so that it appears to be walking. Similarly, you can cause the illusion to make different sounds at different times, even making it carry on a conversation, for example. Physical interaction with the image reveals it to be an illusion, because things can pass through it. A creature that uses its action to examine the image can determine that it is an illusion with a successful Intelligence (Investigation) check against your spell save DC. If a creature discerns the illusion for what it is, the creature can see through the image, and its other sensory qualities become faint to the creature.</p>	
When you cast this spell using a spell slot of 6th level or higher, the spell lasts until dispelled, without requiring your concentration.

Mass Polymorph	Level 9
Transmutation	Cast: 1 Action
Range: 120 feet	V. S, M
Duration: Up to 1 hour	a caterpillar cocoon
<p>You transform up to ten creatures of your choice that you can see within range. An unwilling target must succeed on a Wisdom saving throw to resist the transformation. An unwilling shapechanger automatically succeeds on the save. Each target assumes a beast form of your choice, and you can choose the same form or different ones for each target. The new form can be any beast you have seen whose challenge rating is equal to or less than the targets (or half the targets level, if the target doesn't have a challenge rating). The targets game statistics, including mental ability scores, are replaced by the statistics of the chosen beast, but the target retains its hit points, alignment, and personality. Each target gains a number of temporary hit points equal to the hit points of its new form. These temporary hit points can't be replaced by temporary hit points from another source. A target reverts to its normal form when it has no more temporary hit points or it dies. If the spell ends before then, the creature loses all its temporary hit points and reverts to its normal form. The creature is limited in the actions it can perform by the nature of its new form. It can't speak, cast spells, or do anything else that requires hands or speech. The targets gear melds into the new form. The target can't activate, use, wield, or otherwise benefit from any of its equipment.</p>

Mass Suggestion	Level 6
Enchantment	Cast: 1 Action
Range: 60 feet	V, M
Duration: 24 hours	a snakes tongue and either a bit of honeycomb or a drop of sweet oil
<p>You suggest a course of activity (limited to a sentence or two) and magically influence up to twelve creatures of your choice that you can see within range and that can hear and understand you. Creatures that cant be charmed are immune to this effect. The suggestion must be worded in such a manner as to make the course of action sound reasonable. Asking the creature to stab itself, throw itself onto a spear, immolate itself, or do some other obviously harmful act automatically negates the effect of the spell.</p> <p>Each target must make a Wisdom saving throw. On a failed save, it pursues the course of action you described to the best of its ability. The suggested course of action can continue for the entire duration. If the suggested activity can be completed in a shorter time, the spell ends when the subject finishes what it was asked to do.</p> <p>You can also specify conditions that will trigger a special activity during the duration. For example, you might suggest that a group of soldiers give all their money to the first beggar they meet. If the condition isnt met before the spell ends, the activity isnt performed.</p> <p>If you or any of your companions damage a creature affected by this spell, the spell ends for that creature.</p>	
<p>When you cast this spell using a 7th-level spell slot, the duration is 10 days. When you use an 8th-level spell slot, the duration is 30 days. When you use a 9th-level spell slot, the duration is a year and a day.</p>

Transmutation	Cast: 1 Action
Range: 30 feet	V,S,M
Duration: Up to 1 minute	a miniature hand sculpted from clay
<p>You choose a 5-foot-square unoccupied space on the ground that you can see within range. A Medium hand made from compacted soil rises there and reaches for one creature you can see within 5 feet of it. The target must make a Strength saving throw. On a failed save, the target takes 2d6 bludgeoning damage and is restrained for the spells duration. As an action, you can cause the hand to crush the restrained target, who must make a Strength saving throw. It takes 2d6 bludgeoning damage on a failed save, or half as much damage on a successful one. To break out, the restrained target can make a Strength check against your spell save DC. On a success, the target escapes and is no longer restrained by the hand. As an action, you can cause the hand to reach for a different creature or to move to a different unoccupied space within range. The hand releases a restrained target if you do either.</p>

Meld into Stone	Level 3
Transmutation	Cast: 1 Action
Range: Touch	V, S
Duration: 8 hours	
<p>You step into a stone object or surface large enough to fully contain your body, melding yourself and all the equipment you carry with the stone for the duration. Using your movement, you step into the stone at a point you can touch. Nothing of your presence remains visible or otherwise detectable by nonmagical senses.</p> <p>While merged with the stone, you cant see what occurs outside it, and any Wisdom (Perception) checks you make to hear sounds outside it are made with disadvantage. You remain aware of the passage of time and can cast spells on yourself while merged in the stone. You can use your movement to leave the stone where you entered it, which ends the spell. You otherwise cant move.</p> <p>Minor physical damage to the stone doesnt harm you, but its partial destruction or a change in its shape (to the extent that you no longer fit within it) expels you and deals 6d6 bludgeoning damage to you. The stones complete destruction (or transmutation into a different substance) expels you and deals 50 bludgeoning damage to you. If expelled, you fall prone in an unoccupied space closest to where you first entered.</p>

Mighty Fortress	Level 8
Conjuration	Cast: 1 Minute
Range: 1 mile	V, S, M
Duration: Instantaneous	a diamond worth at least 500 gp, which the spell consumes
<p>A fortress of stone erupts from a square area of ground of your choice that you can see within range. The area is 120 feet on each side, and it must not have any buildings or other structures on it. Any creatures in the area are harmlessly lifted up as the fortress rises. The fortress has four turrets with square bases, each one 20 feet on a side and 30 feet tall, with one turret on each corner. The turrets are connected to each other by stone walls that are each 80 feet long, creating an enclosed area. Each wall is 1 foot thick and is composed of panels that are 10 feet wide and 20 feet tall. Each panel is contiguous with two other panels or one other panel and a turret. You can place up to four stone doors in the fortress outer wall. A small keep stands inside the enclosed area. The keep has a square base that is 50 feet on each side, and it has three floors with 10-foot-high ceilings. Each of the floors can be divided into as many rooms as you like, provided each room is at least 5 feet on each side. The floors of the keep are connected by stone staircases, its walls are 6 inches thick, and interior rooms can have stone doors or open archways as you choose. The keep is furnished and decorated however you like, and it contains sufficient food to serve a nine-course banquet for up to 100 people each day. Furnishings, food, and other objects created by this spell crumble to dust if removed from the fortress. A staff of one hundred invisible servants obeys any command given to them by creatures you designate when you cast the spell. Each servant functions as if created by the unseen servant spell. The walls, turrets, and keep are all made of stone that can be damaged. Each 10-foot by a 10-foot section of stone has AC 15 and 30 hit points per inch of thickness. It is immune to poison and psychic damage. Reducing a section of stone to 0 hit points destroys it and might cause connected sections to buckle and collapse at the DMs discretion. After 7 days or when you cast this spell somewhere else, the fortress harmlessly crumbles and sinks back into the ground, leaving any creatures that were inside it safely on the ground. Casting this spell on the same spot once every 7 days for a year makes the fortress permanent.</p>

<p>You create a sound or an image of an object within range that lasts for the duration. The illusion also ends if you dismiss it as an action or cast this spell again.</p> <p>If you create a sound, its volume can range from a whisper to a scream. It can be your voice, someone elses voice, a lions roar, a beating of drums, or any other sound you choose. The sound continues unabated throughout the duration, or you can make discrete sounds at different times before the spell ends.</p> <p>If you create an image of an objectsuch as a chair, muddy footprints, or a small chestit must be no larger than a 5-foot cube. The image cant create sound, light, smell, or any other sensory effect. Physical interaction with the image reveals it to be an illusion, because things can pass through it.</p> <p>If a creature uses its action to examine the sound or image, the creature can determine that it is an illusion with a successful Intelligence (Investigation) check against your spell save DC. If a creature discerns the illusion for what it is, the illusion becomes faint to the creature.</p>

Illusion	Cast: 10 Minutes
Range: Sight	V, S
Duration: 10 days	
<p>You make terrain in an area up to 1 mile square look, sound, smell, and even feel like some other sort of terrain. The terrain's general shape remains the same, however. Open fields or a road could be made to resemble a swamp, hill, crevasse, or some other difficult or impassable terrain. A pond can be made to seem like a grassy meadow, a precipice like a gentle slope, or a rock-strewn gully like a wide and smooth road. Similarly, you can alter the appearance of structures, or add them where none are present. The spell doesn't disguise, conceal, or add creatures. The illusion includes audible, visual, tactile, and olfactory elements, so it can turn clear ground into difficult terrain (or vice versa) or otherwise impede movement through the area. Any piece of the illusory terrain (such as a rock or stick) that is removed from the spell's area disappears immediately.</p> <p>Creatures with truesight can see through the illusion to the terrain's true form; however, all other elements of the illusion remain, so while the creature is aware of the illusion's presence, the creature can still physically interact with the illusion.</p>

Illusion	Cast: 1 Action
Range: Self	V, S
Duration: 1 minute	
<p>Three illusory duplicates of yourself appear in your space. Until the spell ends, the duplicates move with you and mimic your actions, shifting position so its impossible to track which image is real. You can use your action to dismiss the illusory duplicates.</p> <p>Each time a creature targets you with an attack during the spells duration, roll a d20 to determine whether the attack instead targets one of your duplicates.</p> <p>If you have three duplicates, you must roll a 6 or higher to change the attacks target to a duplicate. With two duplicates, you must roll an 8 or higher. With one duplicate, you must roll an 11 or higher.</p> <p>A duplicates AC equals 10 + your Dexterity modifier. If an attack hits a duplicate, the duplicate is destroyed. A duplicate can be destroyed only by an attack that hits it. It ignores all other damage and effects. The spell ends when all three duplicates are destroyed.</p> <p>A creature is unaffected by this spell if it cant see, if it relies on senses other than sight, such as blindsight, or if it can perceive illusions as false, as with truesight.</p>

Modify Memory	Level 5
Enchantment	Cast: 1 Action
Range: 30 feet	V, S
Duration: Up to 1 minute	
<p>You attempt to reshape another creatures memories. One creature that you can see must make a Wisdom saving throw. If you are fighting the creature, it has advantage on the saving throw. On a failed save, the target becomes charmed by you for the duration. The charmed target is incapacitated and unaware of its surroundings, though it can still hear you. If it takes any damage or is targeted by another spell, this spell ends, and none of the targets memories are modified.</p> <p>While this charm lasts, you can affect the targets memory of an event that it experienced within the last 24 hours and that lasted no more than 10 minutes. You can permanently eliminate all memory of the event, allow the target to recall the event with perfect clarity and exacting detail, change its memory of the details of the event, or create a memory of some other event.</p> <p>You must speak to the target to describe how its memories are affected, and it must be able to understand your language for the modified memories to take root. Its mind fills in any gaps in the details of your description. If the spell ends before you have finished describing the modified memories, the creatures memory isnt altered. Otherwise, the modified memories take hold when the spell ends.</p> <p>A modified memory doesnt necessarily affect how a creature behaves, particularly if the memory contradicts the creatures natural inclinations, alignment, or beliefs. An illogical modified memory, such as implanting a memory of how much the creature enjoyed dousing itself in acid, is dismissed, perhaps as a bad dream. The DM might deem a modified memory too nonsensical to affect a creature in a significant manner.</p> <p>A remove curse or greater restoration spell cast on the target restores the creatures true memory.</p>	
<p>If you cast this spell using a spell slot of 6th level or higher, you can alter the targets memories of an event that took place up to 7 days ago (6th level), 30 days ago (7th level), 1 year ago (8th level), or any time in the creatures past (9th level).</p>

Mold earth	Level Cantrip
Transmutation	Cast: 1 Action
Range: 30 feet	S
Duration: Instantaneous or 1 hour	
<p>You choose a portion of dirt or stone that you can see within range and that fits within a 5-foot cube. You manipulate it in one of the following ways: If you target an area of loose earth, you can instantaneously excavate it, move it along the ground, and deposit it up to 5 feet away. This movement doesn't have enough force to cause damage. You cause shapes, colors, or both to appear on the dirt or stone, spelling out words, creating images, or shaping patterns. The changes last for 1 hour. If the dirt or stone you target is on the ground, you cause it to become difficult terrain. Alternatively, you can cause the ground to become normal terrain if it is already difficult terrain. This change lasts for 1 hour. If you cast this spell multiple times, you can have no more than two of its non-instantaneous effects active at a time, and you can dismiss such an effect as an action.</p>

Duration: Up to 1 minute	several seeds of any moonseed plant and a piece of opalescent feldspar
<p>A silvery beam of pale light shines down in a 5-foot-radius, 40-foot-high cylinder centered on a point within range. Until the spell ends, dim light fills the cylinder.</p> <p>When a creature enters the spells area for the first time on a turn or starts its turn there, it is engulfed in ghostly flames that cause searing pain, and it must make a Constitution saving throw. It takes 2d10 radiant damage on a failed save, or half as much damage on a successful one.</p> <p>A shapechanger makes its saving throw with disadvantage. If it fails, it also instantly reverts to its original form and cant assume a different form until it leaves the spells light.</p> <p>On each of your turns after you cast this spell, you can use an action to move the beam 60 feet in any direction.</p>	
When you cast this spell using aspell slot of 3rd level or higher, the damage increases by 1d10 for each slot level above 2nd.

Conjuration	Cast: 1 Action
Range: 30 feet	V, S, M
Duration: 8 hours	a tiny silver whistle, a piece of bone, and a thread
<p>You conjure a phantom watchdog in an unoccupied space that you can see within range, where it remains for the duration, until you dismiss it as an action, or until you move more than 100 feet away from it.</p> <p>The hound is invisible to all creatures except you and cant be harmed. When a Small or larger creature comes within 30 feet of it without first speaking the password that you specify when you cast this spell, the hound starts barking loudly. The hound sees invisible creatures and can see into the Ethereal Plane. It ignores illusions.</p> <p>At the start of each of your turns, the hound attempts to bite one creature within 5 feet of it that is hostile to you. Mordenkainens Mansion	Magnificent	Level 7
Conjuration		Cast: 1 Minute
Range: 300 feet		V, S, M
Duration: 24 hours		a miniature portal carved from ivory, a small piece of polished marble, and a tiny silver spoon, each item worth at least 5 gp
<p>You conjure an extradimensional dwelling in range that lasts for the duration. You choose where its one entrance is located. The entrance shimmers faintly and is 5 feet wide and 10 feet tall. You and any creature you designate when you cast the spell can enter the extradimensional dwelling as long as the portal remains open. You can open or close the portal if you are within 30 feet of it. While closed, the portal is invisible.</p> <p>Beyond the portal is a magnificent foyer with numerous chambers beyond. The atmosphere is clean, fresh, and warm.</p> <p>You can create any floor plan you like, but the space can't exceed 50 cubes, each cube being 10 feet on each side. The place is furnished and decorated as you choose. It contains sufficient food to serve a nine-course banquet for up to 100 people. A staff of 100 near-transparent servants attends all who enter. You decide the visual appearance of these servants and their attire. They are completely obedient to your orders. Each servant can perform any task a normal human servant could perform, but they can't attack or take any action that would directly harm another creature. Thus the servants can fetch things, clean, mend, fold clothes, light fires, serve food, pour wine, and so on. The servants can go anywhere in the mansion but can't leave it. Furnishings and other objects created by this spell dissipate into smoke if removed from the mansion. When the spell ends, any creatures inside the extradimensional space are expelled into the open spaces nearest to the entrance.</p>

Abjuration	Cast: 10 Minutes
Range: 120 feet	V, S, M

<p>You make an area within range magically secure. The area is a cube that can be as small as 5 feet to as large as 100 feet on each side. The spell lasts for the duration or until you use an action to dismiss it.</p> <p>When you cast the spell, you decide what sort of security the spell provides, choosing any or all of the following properties: * Sound cant pass through the barrier at the edge of the warded area. * The barrier of the warded area appears dark and foggy, preventing vision (including dark-vision) through it. * Sensors created by divination spells cant appear inside the protected area or pass through the barrier at its perimeter. * Creatures in the area cant be targeted by divination spells. * Nothing can teleport into or out of the warded area. * Planar travel is blocked within the warded area.</p> <p>Casting this spell on the same spot every day for a year makes this effect permanent.</p>	
<p>When you cast this spell using a spell slot of 5th level or higher, you can increase the size of the cube by 100 feet for each slot level beyond 4th. Thus you could protect a cube that can be up to 200 feet on one side by using a spell slot o f 5th level.</p>

Transmutation	Cast: 1 Action
Range: 120 feet	V, S, M
Duration: Up to 2 hours	an iron blade and a small bag containing a mixture of soilsclay, loam, and sand
<p>Choose an area of terrain no larger than 40 feet on a side within range. You can reshape dirt, sand, or clay in the area in any manner you choose for the duration. You can raise or lower the areas elevation, create or fill in a trench, erect or flatten a wall, or form a pillar. The extent of any such changes cant exceed half the areas largest dimension. So, if you affect a 40-foot square, you can create a pillar up to 20 feet high, raise or lower the squares elevation by up to 20 feet, dig a trench up to 20 feet deep, and so on. It takes 10 minutes for these changes to complete. At the end of every 10 minutes you spend concentrating on the spell, you can choose a new area of terrain to affect.</p> <p>Because the terrains transformation occurs slowly, creatures in the area cant usually be trapped or injured by the grounds movement.</p> <p>This spell cant manipulate natural stone or stone construction. Rocks and structures shift to accommodate the new terrain. If the way you shape the terrain would make a structure unstable, it might collapse. Similarly, this spell doesnt directly affect plant growth. The moved earth carries any plants along with it.</p>

Negative Energy Flood	Level 5
Necromancy	Cast: 1 Action
Range: 60 feet	(a broken bone and a square of black silk)
Duration: Instantaneous	
You send ribbons of negative energy at one creature you can see within range. Unless the target is undead, it must make a Constitution saving throw, taking 5d12 necrotic damage on a failed save, or half as much damage on a successful one. A target killed by this damage rises up as a zombie at the start of your next turn. The zombie pursues whatever creature it can see that is closest to it. Statistics for the zombie are in the Monster Manual. If you target an undead with this spell, the target doesn't make a saving throw. Instead, roll 5d12. The target gains half the total as temporary hit points.

Illusion	Cast: 1 Action
Range: Touch	V, S, M
Duration: 24 hours	a small square of silk
<p>You place an illusion on a creature or an object you touch so that divination spells reveal false information about it. The target can be a willing creature or an object that isnt being carried or worn by another creature.</p> <p>When you cast the spell, choose one or both of the following effects. The effect lasts for the duration. If you cast this spell on the same creature or object every day for 30 days, placing the same effect on it each time, the illusion lasts until it is dispelled.</p> <p>False Aura You change the way the target appears to spells and magical effects, such as detect magic, that detect magical auras. You can make a nonmagical object appear magical, a magical object appear nonmagical, or change the objects magical aura so that it appears to belong to a specific school of magic that you choose. When you use this effect on an object, you can make the false magic apparent to any creature that handles the item.</p> <p>Mask You change the way the target appears to spells and magical effects that detect creature types, such as a paladins Divine Sense or the trigger of a sym bol spell. You choose a creature type and other spells and magical effects treat the target as if it were a creature of that type or of that alignment.</p>

Otilukes Freezing Sphere	Level 6
Evocation	Cast: 1 Action
Range: 300 feet	V, S, M
Duration: Instantaneous	a small crystal sphere
<p>A frigid globe of cold energy streaks from your fingertips to a point of your choice within range, where it explodes in a 60-foot-radius sphere. Each creature within the area must make a Constitution saving throw. On a failed save, a creature takes 10d6 cold damage. On a successful save, it takes half as much damage.</p> <p>If the globe strikes a body of water or a liquid that is principally water (not including water-based creatures), it freezes the liquid to a depth of 6 inches over an area 30 feet square. This ice lasts for 1 minute. Creatures that were swimming on the surface of frozen water are trapped in the ice. A trapped creature can use an action to make a Strength check against your spell save DC to break free.</p> <p>You can refrain from firing the globe after completing the spell, if you wish. A small globe about the size of a sling stone, cool to the touch, appears in your hand. At any time, you or a creature you give the globe to can throw the globe (to a range of 40 feet) or hurl it with a sling (to the slings normal range). It shatters on impact, with the same effect as the normal casting of the spell. You can also set the globe down without shattering it. After 1 minute, if the globe hasnt already shattered, it explodes.</p>

<p>A sphere of shimmering force encloses a creature or object of Large size or smaller within range. An unwilling creature must make a Dexterity saving throw. On a failed save, the creature is enclosed for the duration. Nothing—not physical objects, energy, or other spell effects—can pass through the barrier, in or out, though a creature in the sphere can breathe there. The sphere is immune to all damage, and a creature or object inside cant be damaged by attacks or effects originating from outside, nor can a creature inside the sphere damage anything outside it.</p> <p>The sphere is weightless and just large enough to contain the creature or object inside. An enclosed creature can use its action to push against the spheres walls and thus roll the sphere at up to half the creatures speed. Phantasmal Force	Level 2
Illusion	Cast: 1 Action
Range: 60 feet	V, S, M
Duration: Up to 1 minute	a bit of fleece
<p>You craft an illusion that takes root in the mind of a creature that you can see within range. The target must make an Intelligence saving throw. On a failed save, you create a phantasmal object, creature, or other visible phenomenon of your choice that is no larger than a 10-foot cube and that is perceivable only to the target for the duration. This spell has no effect on undead or constructs.</p> <p>The phantasm includes sound, temperature, and other stimuli, also evident only to the creature.</p> <p>The target can use its action to examine the phantasm with an Intelligence (Investigation) check against your spell save DC. If the check succeeds, the target realizes that the phantasm is an illusion, and the spell ends.</p> <p>While a target is affected by the spell, the target treats the phantasm as if it were real. The target rationalizes any illogical outcomes from interacting with the phantasm. For example, a target attempting to walk across a phantasmal bridge that spans a chasm falls once it steps onto the bridge. If the target survives the fall, it still believes that the bridge exists and comes up with some other explanation for its fall: it was pushed, it slipped, or a strong wind might have knocked it off.</p> <p>An affected target is so convinced of the phantasms reality that it can even take damage from the illusion. A phantasm created to appear as a creature can attack the target. Similarly, a phantasm created to appear as fire, a pool of acid, or lava can burn the target. Each round on your turn, the phantasm can deal 1d6 psychic damage to the target if it is in the phantasms area or within 5 feet of the phantasm, provided that the illusion is of a creature or hazard that could logically deal damage, such as by attacking. The target perceives the damage as a type appropriate to the illusion.</p>

Duration: 1 hour	
<p>A Large quasi-real, horselike creature appears on the ground in an unoccupied space of your choice within range. You decide the creatures appearance, but it is equipped with a saddle, bit, and bridle. Any of the equipment created by the spell vanishes in a puff of smoke if it is carried more than 10 feet away from the steed.</p> <p>For the duration, you or a creature you choose can ride the steed. The creature uses the statistics for a riding horse, except it has a speed of 100 feet and can travel 10 miles in an hour, or 13 miles at a fast pace. When the spell ends, the steed gradually fades, giving the rider 1 minute to dismount. The spell ends if you use an action to dismiss it or if the steed takes any damage.</p>

Planar Ally	Level 6
Conjuration	Cast: 10 Minutes
Range: 60 feet	V, S
Duration: Instantaneous	
<p>You beseech an otherworldly entity for aid. The being must be known to you: a god, a primordial, a demon prince, or some other being of cosmic power. That entity sends a celestial, an elemental, or a fiend loyal to it to aid you, making the creature appear in an unoccupied space within range. If you know a specific creatures name, you can speak that name when you cast this spell to request that creature, though you might get a different creature anyway (DMs choice).</p> <p>When the creature appears, it is under no compulsion to behave in any particular way. You can ask the creature to perform a service in exchange for payment, but it isnt obliged to do so. The requested task could range from simple (fly us across the chasm, or help us fight a battle) to complex (spy on our enemies, or protect us during our foray into the dungeon). You must be able to communicate with the creature to bargain for its services.</p> <p>Payment can take a variety of forms. A celestial might require a sizable donation of gold or magic items to an allied temple, while a fiend might demand a living sacrifice or a gift of treasure. Some creatures might exchange their service for a quest undertaken by you.</p> <p>As a rule of thumb, a task that can be measured in minutes requires a payment worth 100 gp per minute. A task measured in hours requires 1,000 gp per hour. And a task m easured in days (up to 10 days) requires 10,000 gp per day. The DM can adjust these payments based on the circumstances under which you cast the spell. If the task is aligned with the creatures ethos, the payment might be halved or even waived. Nonhazardous tasks typically require only half the suggested payment, while especially dangerous tasks might require a greater gift. Creatures rarely accept tasks that seem suicidal.</p> <p>After the creature completes the task, or when the agreed-upon duration of service expires, the creature returns to its home plane after reporting back to you, if appropriate to the task and if possible. If you are unable to agree on a price for the creatures service, the creature immediately returns to its home plane.</p> <p>A creature enlisted to join your group counts as a member of it, receiving a full share of experience points awarded.</p>

Planar Binding	Level 5
Abjuration	Cast: 1 Hour
Range: 60 feet	V, S, M
Duration: 24 hours	a jewel worth at least 1,000 gp, which the spell consumes
<p>With this spell, you attempt to bind a celestial, an elemental, a fey, or a fiend to your service. The creature must be within range for the entire casting of the spell. (Typically, the creature is first summoned into the center of an inverted magic circle in order to keep it trapped while this spell is cast.) At the completion of the casting, the target must make a Charisma saving throw. On a failed save, it is bound to serve you for the duration. If the creature was summoned or created by another spell, that spell's duration is extended to match the duration of this spell. A bound creature must follow your instructions to the best of its ability. You might command the creature to accompany you on an adventure, to guard a location, or to deliver a message. The creature obeys the letter of your instructions, but if the creature is hostile to you, it strives to twist your words to achieve its own objectives. If the creature carries out your instructions completely before the spell ends, it travels to you to report this fact if you are on the same plane of existence. If you are on a different plane of existence, it returns to the place where you bound it and remains there until the spell ends.</p>	
<p>When you cast this spell using a spell slot of a higher level, the duration increases to: 10 days with a 6th-level slot, 30 days with a 7th-level slot, 180 days with an 8th-level slot, 1 year and 1 day with a 9th-level spell slot.</p>

Plane Shift	Level 7
Conjuration	Cast: 1 Action
Range: Touch	V, S, M
Duration: Instantaneous	a forked, metal rod worth at least 250 gp, attuned to a particular plane of existence
<p>You and up to eight willing creatures who link hands in a circle are transported to a different plane of existence. You can specify a target destination in general terms, such as the City of Brass on the Elemental Plane of Fire or the palace of Dispaten on the second level of the Nine Hells, and you appear in or near that destination. If you are trying to reach the City of Brass, for example, you might arrive in its Street of Steel, before its Gate of Ashes, or looking at the city from across the Sea of Fire, at the DM's discretion.</p> <p>Alternatively, if you know the sigil sequence of a teleportation circle on another plane of existence, this spell can take you to that circle. If the teleportation circle is too small to hold all the creatures you transported, they appear in the closest unoccupied spaces next to the circle.</p> <p>You can use this spell to banish an unwilling creature to another plane. Choose a creature within your reach and make a melee spell attack against it. On a hit, the creature must make a Charisma saving throw. If the creature fails the save, it is transported to a random location on the plane of existence you specify. A creature so transported must find its own way back to your current plane of existence.</p>

Polymorph	Level 4
Transmutation	Cast: 1 Action
Range: 60 feet	V, S, M
Duration: Up to 1 hour	a caterpillar cocoon
<p>This spell transforms a creature that you can see within range into a new form. An unwilling creature must make a Wisdom saving throw to avoid the effect. A shapechanger automatically succeeds on this saving throw.</p> <p>The transformation lasts for the duration, or until the target drops to 0 hit points or dies. The new form can be any beast whose challenge rating is equal to or less than the targets (or the targets level, if it doesnt have a challenge rating). The targets game statistics, including mental ability scores, are replaced by the statistics of the chosen beast. It retains its alignment and personality.</p> <p>The target assumes the hit points of its new form. When it reverts to its normal form, the creature returns to the number of hit points it had before it transformed. If it reverts as a result of dropping to 0 hit points, any excess damage carries over to its normal form. As long as the excess damage doesnt reduce the creatures normal form to 0 hit points, it isnt knocked unconscious.</p> <p>The creature is limited in the actions it can perform by the nature of its new form, and it cant speak, cast spells, or take any other action that requires hands or speech.</p> <p>The targets gear melds into the new form. The creature cant activate, use, wield, or otherwise benefit from any of its equipment. This spell cant affect a target that has 0 hit points.</p>

Power Word Pain	Level 7
Enchantment	Cast: 1 Action
Range: 60 feet	V
Duration: Instantaneous	
You speak a word of power that causes waves of intense pain to assail one creature you can see within range. If the target has 100 hit points or fewer, it is subject to crippling pain. Otherwise, the spell has no effect on it. A target is also unaffected if it is immune to being charmed. While the target is affected by crippling pain, any speed it has can be no higher than 10 feet. The target also has disadvantage on attack rolls, ability checks, and saving throws, other than Constitution saving throws. Finally, if the target tries to cast a spell, it must first succeed on a Constitution saving throw, or the casting fails and the spell is wasted. A target suffering this pain can make a Constitution saving throw at the end of each of its turns. On a successful save, the pain ends.

Duration: 10 minutes

Alternatively, you can shape the wall into a sphere up to 30 feet in diameter centered on a point you choose within range. The wall remains in place for the duration. If you position the wall so that it passes through a space occupied by a creature, the spell fails, and your action and the spell slot are wasted.</p> <p>The wall sheds bright light out to a range of 100 feet and dim light for an additional 100 feet. If another creature that can see the wall moves to within 20 feet of it or starts its turn there, the creature must succeed on a Constitution saving throw or become blinded for 1 minute.</p> <p>The wall consists of seven layers, each with a different color. Illusion	Cast: 1 Action
Range: 120 feet	V, S, M
Duration: Until dispelled	a bit of fleece and jade dust worth at least 25 gp
<p>You create an illusion of an object, a creature, or some other visible phenomenon within range that activates when a specific condition occurs. The illusion is imperceptible until then. It must be no larger than a 30-foot cube, and you decide when you cast the spell how the illusion behaves and what sounds it makes. This scripted performance can last up to 5 minutes.</p> <p>When the condition you specify occurs, the illusion springs into existence and performs in the manner you described. Once the illusion finishes performing, it disappears and remains dormant for 10 minutes. After this time, the illusion can be activated again.</p> <p>The triggering condition can be as general or as detailed as you like, though it must be based on visual or audible conditions that occur within 30 feet of the area. For example, you could create an illusion of yourself to appear and warn off others who attempt to open a trapped door, or you could set the illusion to trigger only when a creature says the correct word or phrase.</p> <p>Physical interaction with the image reveals it to be an illusion, because things can pass through it. A creature that uses its action to examine the image can determine that it is an illusion with a successful Intelligence (Investigation) check against your spell save DC. If a creature discerns the illusion for what it is, the creature can see through the image, and any noise it makes sounds hollow to the creature.</p>

It mimics your mannerisms perfectly.</p> <p>You can see through its eyes and hear through its ears as if you were in its space. On your turn as a bonus action, you can switch from using its senses to using your own, or back again. While you are using its senses, you are blinded and deafened in regard to your own surroundings.</p> <p>Physical interaction with the image reveals it to be an illusion, because things can pass through it. The target must make a Wisdom saving throw, which is modified by how well you know the target and the sort of physical connection you have to it. Seeming	Level 5
Illusion	Cast: 1 Action
Range: 30 feet	V, S
Duration: 8 hours	
<p>This spell allows you to change the appearance of any number of creatures that you can see within range. You give each target you choose a new, illusory appearance. An unwilling target can make a Charisma saving throw, and if it succeeds, it is unaffected by this spell.</p> <p>The spell disguises physical appearances as well as clothing, armor, weapons, and equipment. You can make each creature seem 1 foot shorter or taller and appear thin, fat, or inbetween. You can't change a target's body type, so you must choose a form that has the same basic arrangement of limbs. Otherwise, the extent of the illusion is up to you. The spell lasts for the duration, unless you use your action to dismiss it sooner.</p> <p>The changes wrought by this spell fail to hold up to physical inspections. For example, if you use this spell to add a hat to a creature's outfit, objects pass through the hat, and anyone who touches it would feel nothing or would feel the creature's head and hair. If you use this spell to appear thinner than you are, the hand of someone who reaches out to touch you would bump into you while it was seemingly still in midair. A creature can use its action to inspect a target and make an Intelligence (Investigation) check against your spell save DC. If it succeeds, it becomes aware that the target is disguised.</p>

Time ceases to flow for it, and it doesn't grow older.</p> <p>You can set a condition for the spell to end early. In addition, when you use the sword to attack a target that is in dim light or darkness, you make the attack roll with advantage. If you drop the weapon or throw it, it dissipates at the end of the turn. Thereafter, while the spell persists, you can use a bonus action to cause the sword to reappear in your hand.</p>

Transmutation	Cast: 1 Action
Range: 30 feet	S
Duration: Instantaneous or 1 hour	
<p>You choose an area of water that you can see within range and that fits within a 5-foot cube. You manipulate it in one of the following ways:</p> <p>You instantaneously move or otherwise change the flow of the water as you direct, up to 5 feet in any direction. This movement doesn't have enough force to cause damage.</p> <p>You cause the water to form into simple shapes and animate at your direction. This change lasts for 1 hour.</p> <p>You change the water's color or opacity. The water must be changed in the same way throughout. This change lasts for 1 hour.</p> <p>You freeze the water, provided that there are no creatures in it. The water unfreezes in 1 hour. Shapechange	Level 9
Transmutation	Cast: 1 Action
Range: Self	V, S, M
Duration: Up to 1 hour	a jade circlet worth at least 1,500 gp, which you must place on your head before you cast the spell
<p>You assume the form of a different creature for the duration. The new form can be any creature with a challenge rating equal to your level or lower. The creature cant be a construct or an undead, and you must have seen the sort of creature at least once. You transform into an average example of that creature, one without any class levels or the Spellcasting trait.</p> <p>Your game statistics are replaced by the statistics of the chosen creature, though you retain your alignment and Intelligence, Wisdom, and Charisma scores. You also retain all of your skill and saving throw proficiencies, in addition to gaining those of the creature. If the creature has the same proficiency as you, and the bonus listed in its statistics is higher than yours, use the creatures bonus in place of yours. You cant use any legendary actions or lair actions of the new form.</p> <p>You assume the hit points and Hit Dice of the new form. When you revert to your normal, you return to the number of hit points you had before you transformed. If you revert as a result of dropping to 0 hit points, any excess damage carries over to your normal form. As long as the excess damage doesnt reduce your normal form to 0 hitpoints, you arent knocked unconscious.</p> <p>You retain the benefit of any features from your class, race, or other source and can use them, provided that your new form is physically capable of doing so. You cant use any special senses you have (for example, darkvision) unless your new form also has that sense. You can only speak if the creature can normally speak.</p> <p>When you transform, you choose whether your equipment falls to the ground, merges into the new form, or is worn by it. Worn equipment functions as normal. The DM determines whether it is practical for the new form to wear a piece of equipment, based on the creatures shape and size. Your equipment doesnt change shape or size to match the new form, and any equipment that the new form cant wear must either fall to the ground or merge into your new form. Equipment that merges has no effect in that state.</p> <p>During this spells duration, you can use your action to assume a different form following the same restrictions and rules for the original form, with one exception: if your new form has more hit pints than your current one, your hit points remain at the current ^{new} value.</p>

Dim, greenish light spreads within a 30-foot-radius sphere centered on a point you choose within range. The light spreads around corners, and it lasts until the spell ends. When a creature moves into the spells area for the first time on a turn or starts its turn there, that creature must succeed on a Constitution saving throw or take 4d10 radiant damage, and it suffers one level of exhaustion and emits a dim, greenish light in a 5-foot radius. Silent Image	Level 1
Illusion	Cast: 1 Action
Range: 60 feet	V, S, M
Duration: Up to 10 minutes	a bit of fleece
<p>You create the image of an object, a creature, or some other visible phenomenon that is no larger than a 15-foot cube. The image appears at a spot within range and lasts for the duration. The image is purely visual; it isn't accompanied by sound, smell, or other sensory effects. You can use your action to cause the image to move to any spot within range. As the image changes location, you can alter its appearance so that its movements appear natural for the image. For example, if you create an image of a creature and move it, you can alter the image so that it appears to be walking.</p> <p>Physical interaction with the image reveals it to be an illusion, because things can pass through it. A creature that uses its action to examine the image can determine that it is an illusion with a successful Intelligence (Investigation) check against your spell save DC. If a creature discerns the illusion for what it is, the creature can see through the image.</p>

Illusion	Cast: 12 Hours
Range: Touch	V, S, M
Duration: Until dispelled	snow or ice in quantities sufficient to made a life-size copy of the duplicated creature; some hair, fingernail clippings, or other piece of that creatures body placed inside the snow or ice; and powdered ruby worth 1,500 gp, sprinkled over the duplicate and consumed by the spell
<p>You shape an illusory duplicate of one beast or humanoid that is within range for the entire casting time of the spell. The duplicate is a creature, partially real and formed from ice or snow, and it can take actions and otherwise be affected as a normal creature. It appears to be the same as the original, but it has half the creatures hit point maximum and is formed without any equipment. Otherwise, the illusion uses all the statistics of the creature it duplicates.</p> <p>The simulacrum is friendly to you and creatures you designate. It obeys your spoken commands, moving and acting in accordance with your wishes and acting on your turn in combat. The simulacrum lacks the ability to learn or become more powerful, so it never increases its level or other abilities, nor can it regain expended spell slots.</p> <p>If the simulacrum is damaged, you can repair it in an alchemical laboratory, using rare herbs and minerals worth 100 gp per hit point it regains. The simulacrum lasts until it drops to 0 hit points, at which point it reverts to snow and melts instantly.</p> <p>If you cast this spell again, any currently active duplicates you created with this spell are instantly destroyed.</p>

Snare	Level 1
Abjuration	Cast: 1 Minute
Range: Touch	S, M
Duration: 8 hours	25 feet of rope, which the spell consumes
<p>As you cast this spell, you use the rope to create a circle with a 5-foot radius on the ground or the floor. When you finish casting, the rope disappears and the circle becomes a magic trap. This trap is nearly invisible, requiring a successful Intelligence (Investigation) check against your spell save DC to be discerned. The trap triggers when a Small, Medium, or Large creature moves onto the ground or the floor in the spell's radius. That creature must succeed on a Dexterity saving throw or be magically hoisted into the air, leaving it hanging upside down 3 feet above the ground or the floor. The creature is restrained there until the spell ends. A restrained creature can make a Dexterity saving throw at the end of each of its turns, ending the effect on itself on a success. Alternatively, the creature or someone else who can reach it can use an action to make an Intelligence (Arcana) check against your spell save DC. On a success, the restrained effect ends. After the trap is triggered, the spell ends when no creature is restrained by it.</p>

Necromancy	Cast: Special
Range: 60 feet	V, S, M
Duration: 8 hours	a tiny silver cage worth 100 gp
<p>1 reaction, which you take when a humanoid you can see within 60 feet of you dies</p> <p>This spell snatches the soul of a humanoid as it dies and traps it inside the tiny cage you use for the material component. A stolen soul remains inside the cage until the spell ends or until you destroy the cage, which ends the spell. While you have a soul inside the cage, you can exploit it in any of the ways described below. You can use a trapped soul up to six times. Once you exploit a soul for the sixth time, it is released, and the spell ends. While a soul is trapped, the dead humanoid it came from cant be revived. Steal Life. You can use a bonus action to drain vigor from the soul and regain 2d8 hit points. Query Soul. You ask the soul a question (no action required) and receive a brief telepathic answer, which you can understand regardless of the language used. The soul knows only what it knew in life, but it must answer you truthfully and to the best of its ability. The answer is no more than a sentence or two and might be cryptic. Borrow Experience. You can use a bonus action to bolster yourself with the souls life experience, making your next attack roll, ability check, or saving throw with advantage. If you dont use this benefit before the start of your next turn, it is lost. Eyes of the Dead. You can use an action to name a place the humanoid saw in life, which creates an invisible sensor somewhere in that place if it is on the plane of existence youre currently on. The sensor remains for as long as you concentrate, up to 10 minutes (as if you were concentrating on a spell). You receive visual and auditory information from the sensor as if you were in its space using your senses. A creature that can see the sensor (such as one using see invisibility or truesight) sees a translucent image of the tormented humanoid whose soul you caged.</p>

The spell fails if the corpse was the target of this spell within the last 10 days.</p> <p>Until the spell ends, you can ask the corpse up to five questions. The corpse knows only what it knew in life, including the languages it knew. Answers are usually brief, cryptic, or repetitive, and the corpse is under no compulsion to offer a truthful answer if you are hostile to it or it recognizes you as an enemy. This spell doesnt return the creatures soul to its body, only its animating spirit. Thus, the corpse cant learn new information, doesnt comprehend anything that has happened since it died, and cant speculate about future events.</p>

Speak with Plants	Level 3
Transmutation	Cast: 1 Action
Range: Self (30-foot radius)	V, S
Duration: 10 minutes	
<p>You imbue plants within 30 feet of you with limited sentience and animation, giving them the ability to communicate with you and follow your simple commands. You can question plants about events in the spells area within the past day, gaining information about creatures that have passed, weather, and other circumstances.</p> <p>You can also turn difficult terrain caused by plant growth (such as thickets and undergrowth) into ordinary terrain that lasts for the duration. Or you can turn ordinary terrain where plants are present into difficult terrain that lasts for the duration, causing vines and branches to hinder pursuers, for example.</p> <p>Plants might be able to perform other tasks on your behalf, at the DMs discretion. The spell doesnt enable plants to uproot themselves and move about, but they can freely move branches, tendrils, and stalks.</p> <p>If a plant creature is in the area, you can communicate with it as if you shared a common language, but you gain no magical ability to influence it.</p> <p>This spell can cause the plants created by the entangle spell to release a restrained creature.</p>

Spirit Guardians	Level 3
Conjuration	Cast: 1 Action
Range: Self (15-foot-radius)	V, S, M

Conjuration	Cast: 1 Action
Range: 90 feet	V, S, M
Duration: Up to 1 minute	a rotten egg or several skunk cabbage leaves
You create a 20-foot-radius sphere of yellow, nauseating gas centered on a point within range. The cloud spreads around corners, and its area is heavily obscured. The cloud lingers in the air for the duration. Each creature that is completely within the cloud at the start of its turn must make a Constitution saving throw against poison. On a failed save, the creature spends its action that turn retching and reeling. Creatures that don't need to breathe or are immune to poison automatically succeed on this saving throw. A moderate wind (at least 10 miles per hour) disperses the cloud after 4 rounds. A strong wind (at least 20 miles per hour) disperses it after 1 round.

Each creature and object under the cloud takes 1d6 acid damage.</p> <p>Round 3 You call six bolts of lightning from the cloud to strike six creatures or objects of your choice beneath the cloud. Suggestion	Level 2
Enchantment	Cast: 1 Action
Range: 30 feet	V, M
Duration: Up to 8 hours	a snakes tongue and either a bit of honeycomb or a drop of sweet oil
<p>You suggest a course of activity (limited to a sentence or two) and magically influence a creature you can see within range that can hear and understand you. Creatures that cant be charmed are immune to this effect. The suggestion must be worded in such a manner as to make the course of action sound reasonable. Asking the creature to stab itself, throw itself onto a spear, immolate itself, or do some other obviously harmful act ends the spell.</p> <p>The target must make a Wisdom saving throw. On a failed save, it purses the course of action you described to the best of its ability. The suggested course of action can continue for the entire duration. If the suggested activity can be completed in a shorter time, the spell ends when the subject finishes what it was asked to do.</p> <p>You can also specify conditions that will trigger a special activity during the duration. For example, you might suggest that a knight give her warhorse to the first beggar she meets. If the condition isnt met before the spell expires, the activity isnt preformed.</p> <p>If you or any of your companions damage the target, the spell ends.</p>

Summon Greater Demon	Level 4
Conjuration	Cast: 1 Action
Range: 60 feet	V, S, M
Duration: Up to 1 hour	a vial of blood from a humanoid killed within the past 24 hours
<p>You utter foul words, summoning one demon from the chaos of the Abyss. You choose the demons type, which must be one of challenge rating 5 or lower, such as a shadow demon or a barlgura. The demon appears in an unoccupied space you can see within range, and the demon disappears when it drops to 0 hit points or when the spell ends. Roll initiative for the demon, which has its own turns. When you summon it and on each of your turns thereafter, you can issue a verbal command to it (requiring no action on your part), telling it what it must do on its next turn. If you issue no command, it spends its turn attacking any creature within reach that has attacked it. At the end of each of the demons turns, it makes a Charisma saving throw. The demon has disadvantage on this saving throw if you say its true name. On a failed save, the demon continues to obey you. On a successful save, your control of the demon ends for the rest of the duration, and the demon spends its turns pursuing and attacking the nearest non-demons to the best of its ability. If you stop concentrating on the spell before it reaches its full duration, an uncontrolled demon doesnt disappear for 1d6 rounds if it still has hit points. As part of casting the spell, you can form a circle on the ground with the blood used as a material component. The circle is large enough to encompass your space. While the spell lasts, the summoned demon cant cross the circle or harm it, and it cant target anyone within it. Using the material component in this manner consumes it when the spell ends.</p>	
When you cast this spell using a spell slot of 5th level or higher, the challenge rating increases by 1 for each slot level above 4th.

Symbol	Level 7
Abjuration	Cast: 1 Minute
Range: Touch	V, S, M
Duration: Until dispelled or triggered	mercury, phosphorus, and powdered diamond and opal with a total value of at least 1,000 gp, which the spell consumes
<p>When you cast this spell, you inscribe a harmful glyph either on a surface (such as a section of floor, a wall, or a table) or within an object that can be closed to conceal the glyph (such as a book, a scroll, or a treasure chest). If you choose a surface, the glyph can cover an area of the surface no larger than 10 feet in diameter. If you choose an object, that object must remain in its place; if the object is moved more than 10 feet from where you cast this spell, the glyph is broken, and the spell ends without being triggered.</p> <p>The glyph is nearly invisible, requiring an Intelligence (Investigation) check against your spell save DC to find it.</p> <p>You decide what triggers the glyph when you cast the spell. For glyphs inscribed on a surface, the most typical triggers include touching or stepping on the glyph, removing another object covering it, approaching within a certain distance of it, or manipulating the object that holds it. For glyphs inscribed within an object, the most common triggers are opening the object, approaching within a certain distance of it, or seeing or reading the glyph.</p> <p>You can further refine the trigger so the spell is activated only under certain circumstances or according to a creature's physical characteristics (such as height or weight), or physical kind (for example, the ward could be set to affect hags or shapechangers). You can also specify creatures that don't trigger the glyph, such as those who say a certain password.</p> <p>When you inscribe the glyph, choose one of the options below for its effect. Once triggered, the glyph glows, filling a 60-foot-radius sphere with dim light for 10 minutes, after which time the spell ends. Each creature in the sphere when the glyph activates is targeted by its effect, as is a creature that enters the sphere for the first time on a turn or ends its turn there.</p> <p>Death Each target must make a Constitution saving throw, taking 10d10 necrotic damage on a failed save, or half as much damage on a successful save.</p> <p>Discord Each target must make a Constitution saving throw. On a failed save, a target bickers and argues with other creatures for 1 minute. During this time, it is incapable of meaningful communication and has disadvantage on attack rolls and ability checks.</p> <p>Fear Each target must make a Wisdom saving throw and becomes frightened for 1 minute on a failed save. While frightened, the target drops whatever it is holding and must move at least 20 feet away from the glyph on each of its turns, if able.</p> <p>Hopelessness Each target must make a Charisma saving throw. On a failed save, the target is overwhelmed with despair for 1 minute. During this time, it can't attack or target any creature with harmful abilities, spells, or other magical effects.</p>

Range: 120 feet	V, S

A creature with an Intelligence score of 2 or lower can't be affected by this spell. A target takes 8d6 psychic damage on a failed save, or half as much damage on a successful one. After a failed save, a target has muddled thoughts for 1 minute. During that time, it rolls a d6 and subtracts the number rolled from all its attack rolls and ability checks, as well as its Constitution saving throws to maintain concentration. The target can make an Intelligence saving throw at the end of each of its turns, ending the effect on itself on a success.</p>

Telekinesis	Level 5
Transmutation	Cast: 1 Action
Range: 60 feet	V, S
Duration: Up to 10 minutes	
<p>You gain the ability to move or manipulate creatures or objects by thought. When you cast the spell, and as your action each round for the duration, you can exert your will on one creature or object that you can see within range, causing the appropriate effect below. You can affect the same target round after round, or choose a new one at any time. If you switch targets, the prior target is no longer affected by the spell.</p> <p>Creature You can try to move a Huge or smaller creature. Make an ability check with your spellcasting ability contested by the creatures Strength check. If you win the contest, you move the creature up to 30 feet in any direction, including upward but not beyond the range of this spell. Until the end of your next turn, the creature is restrained in your telekinetic grip. A creature lifted upward is suspended in mid-air. On subsequent rounds, you can use your action to attempt to maintain your telekinetic grip on the creature by repeating the contest.</p> <p>Object You can try to move an object that weighs up to 1,000 pounds. If the object isnt being worn or carried, you automatically move it up to 30 feet in any direction, but not beyond the range of this spell. If the object is worn or carried by a creature, you must make an ability check with your spellcasting ability contested by that creatures Strength check. If you succeed, you pull the object away from that creature and can move it up to 30 feet in any direction but not beyond the range of this spell. You can exert fine control on objects with your telekinetic grip, such as manipulating a simple tool, opening a door or a container, stowing or retrieving an item from an open container, or pouring the contents from a vial.</p>

Range: 10 feet	V
Duration: Instantaneous	
<p>This spell instantly transports you and up to eight willing creatures of your choice that you can see within range, or a single object that you can see within range, to a destination you select. If you target an object, it must be able to fit entirely inside a 10-foot cube, and it can't be held or carried by an unwilling creature.</p> <p>The destination you choose must be known to you, and it must be on the same plane of existence as you. Your familiarity with the destination determines whether you arrive there successfully. The DM rolls d100 and consults the table.</p> <p>Familiarity Mishap Similar Area Off Target On Target Permanent circle</p> <p>01-100 Associated object 01-100 Very familiar 01-05 06-13</p> <p>14-24 25-100 Seen casually 01-33 34-43 44-53 54-100 Viewed once 01-43 44-53 54-73 74-100 Description 01-43 44-53 54-73 74-100 False destination 01-50 51-100</p> <p>Familiarity. "Permanent circle" means a permanent teleportation circle whose sigil sequence you know. "Associated object" means that you possess an object taken from the desired destination within the last six months, such as a book from a wizard's library, bed linen from a royal suite, or a chunk of marble from a lich's secret tomb. "Very familiar" is a place you have been very often, a place you have carefully studied, or a place you can see when you cast the spell. "Seen casually" is someplace you have seen more than once but with which you aren't very familiar. "Viewed once" is a place you have seen once, possibly using magic. "Description" is a place whose location and appearance you know through someone else's description, perhaps from a map. "False destination" is a place that doesn't exist. Perhaps you tried to scry an enemy's sanctum but instead viewed an illusion, or you are attempting to teleport to a familiar location that no longer exists.</p> <p>On Target You and your group (or the target object) appear where you want to.</p> <p>Off Target You and your group (or the target object) appear a random distance away from the destination in a random direction. Distance off target is 1d10 x 1d10 percent of the distance that was to be traveled. For example, if you tried to travel 120 miles, landed off target, and rolled a 5 and 3 on the two d10s, then you would be off target by 15 percent, or 18 miles. The DM determines the direction off target randomly by rolling a d8 and designating 1 as north, 2 as northeast, 3 as east, and so on around the points of the compass. If you were teleporting to a coastal city and wound up 18 miles out at sea, you could be in trouble.</p> <p>Similar Area You and your group (or the target object) wind up in a different area that's visually or thematically similar to the target area. If you are heading for your home laboratory, for example, you might wind up in another wizard's laboratory or in an alchemical supply shop that has many of the same tools and implements as your laboratory. Generally, you appear in the closest similar place, but since the spell has no range limit, you could conceivably wind up anywhere on the</p>

<p>As you cast the spell, you draw a 10-foot-diameter circle on the ground inscribed with sigils that link your location to a permanent teleportation circle of your choice whose sigil sequence you know and that is on the same plane of existence as you. A shimmering portal opens within the circle you drew and remains open until the end of your next turn. Any creature that enters the portal instantly appears within 5 feet of the destination circle or in the nearest unoccupied space if that space is occupied.</p> <p>Many major temples, guilds, and other important places have permanent teleportation circles inscribed somewhere within their confines. Each such circle includes a unique sigil sequence a string of magical runes arranged in a particular pattern. When you first gain the ability to cast this spell, you learn the sigil sequences for two destinations on the Material Plane, determined by the DM. You can learn additional sigil sequences during your adventures. You can commit a new sigil sequence to memory after studying it for 1 minute.</p> <p>You can create a permanent teleportation circle by casting this spell in the same location every day for one year. You need not use the circle to teleport when you cast the spell in this way.</p>

The temple remains until the spell ends. It is dedicated to whatever god, pantheon, or philosophy is represented by the holy symbol used in the casting. You make all decisions about the temples appearance. The interior is enclosed by a floor, walls, and a roof, with one door granting access to the interior and as many windows as you wish. Only you and any creatures you designate when you cast the spell can open or close the door. The temples interior is an open space with an idol or altar at one end. You decide whether the temple is illuminated and whether that illumination is bright light or dim light. The smell of burning incense fills the air within, and the temperature is mild. The temple opposes types of creatures you choose when you cast this spell. Choose one or more of the following: celestials, elementals, fey, fiends, or undead. If a creature of the chosen type attempts to enter the temple, that creature must make a Charisma saving throw. On a failed save, it cant enter the temple for 24 hours. Even if the creature can enter the temple, the magic there hinders it; whenever it makes an attack roll, an ability check, or a saving throw inside the temple, it must roll a d4 and subtract the number rolled from the d20 roll. In addition, the sensors created by divination spells cant appear inside the temple, and creatures within cant be targeted by divination spells. Finally, whenever any creature in the temple regains hit points from a spell of 1st level or higher, the creature regains additional hit points equal to your Wisdom modifier (minimum 1 hit point). The temple is made from opaque magical force that extends into the Ethereal Plane, thus blocking ethereal travel into the temples interior. Nothing can physically pass through the temples exterior. It cant be dispelled by dispel magic, and antimagic field has no effect on it. A disintegrate spell destroys the temple instantly. Casting this spell on the same spot every day for a year makes this effect permanent.</p>

Tensers Floating Disk	Level 1
Conjuration	Cast: 1 Action
Range: 30 feet	V, S, M
Duration: 1 hour	a drop of mercury
<p>This spell creates a circular, horizontal plane of force, 3 feet in diameter and 1 inch thick, that floats 3 feet above the ground in an unoccupied space of your choice that you can see within range. The disk remains for the duration, and can hold up to 500 pounds. If more weight is placed on it, the spell ends, and everything on the disk falls to the ground.</p> <p>The disk is immobile while you are within 20 feet of it. If you move more than 20 feet away from it, the disk follows you so that it remains within 20 feet of you. It can move across uneven terrain, up or down stairs, slopes and the like, but it can't cross an elevation change of 10 feet or more. For example, the disk can't move across a 10-foot-deep pit, nor could it leave such a pit if it was created at the bottom.</p> <p>If you move more than 100 feet from the disk (typically because it can't move around an obstacle to follow you), the spell ends.</p>

Transmutation	Cast: 1 Action
Range: 120 feet	V, S, M
Duration: Instantaneous	clay and water
<p>You choose an area of stone or mud that you can see that fits within a 40-foot cube and is within range, and choose one of the following effects. Transmute Rock to Mud. Nonmagical rock of any sort in the area becomes an equal volume of thick, flowing mud that remains for the spells duration. The ground in the spells area becomes muddy enough that creatures can sink into it. Each foot that a creature moves through the mud costs 4 feet of movement, and any creature on the ground when you cast the spell must make a Strength saving throw. A creature must also make the saving throw when it moves into the area for the first time on a turn or ends its turn there. On a failed save, a creature sinks into the mud and is restrained, though it can use an action to end the restrained condition on itself by pulling itself free of the mud. If you cast the spell on a ceiling, the mud falls. Any creature under the mud when it falls must make a Dexterity saving throw. A creature takes 4d8 bludgeoning damage on a failed save, or half as much damage on a successful one. Transmute Mud to Rock. Nonmagical mud or quicksand in the area no more than 10 feet deep transforms into soft stone for the spells duration. Any creature in the mud when it transforms must make a Dexterity saving throw. On a successful save, a creature is shunted safely to the surface in an unoccupied space. On a failed save, a creature becomes restrained by the rock. A restrained creature, or another creature within reach, can use an action to try to break the rock by succeeding on a DC 20 Strength check or by dealing damage to it. The rock has AC 15 and 25 hit points, and it is immune to poison and psychic damage.</p>

Range: 30 feet	V, S, M
Duration: Up to 1 hour	a drop of mercury, a dollop of gum arabic, and a wisp of smoke
<p>Choose one creature or nonmagical object that you can see within range. You transform the creature into a different creature, the creature into an object, or the object into a creature (the object must be neither worn nor carried by another creature). The transformation lasts for the duration, or until the target drops to 0 hit points or dies. If you concentrate on this spell for the full duration, the transformation becomes permanent. Shapechangers aren't affected by this spell. An unwilling creature can make a Wisdom saving throw, and if it succeeds, it isn't affected by this spell.</p> <p>Creature into Creature If you turn a creature into another kind of creature, the new form can be any kind you choose whose challenge rating is equal to or less than the target's (or its level, if the target doesn't have a challenge rating). The target's game statistics, including mental ability scores, are replaced by the statistics of the new form. It retains its alignment and personality. The target assumes the hit points of its new form, and when it reverts to its normal form, the creature returns to the number of hit points it had before it transformed. If it reverts as a result of dropping to 0 hit points, any excess damage carries over to its normal form. As long as the excess damage doesn't reduce the creature's normal form to 0 hit points, it isn't knocked unconscious. The creature is limited in the actions it can perform by the nature of its new form, and it can't speak, cast spells, or take any other action that requires hands or speech unless its new form is capable of such actions. The target's gear melds into the new form. The creature can't activate, use, wield, or otherwise benefit from any of its equipment.</p> <p>Object into Creature You can turn an object into any kind of creature, as long as the creature's size is no larger than the object's size and the creature's challenge rating is 9 or lower. The creature is friendly to you and your companions. It acts on each of your turns. You decide what action it takes and how it moves. The DM has the creature's statistics and resolves all of its actions and movement. If the spell becomes permanent, you no longer control the creature. It might remain friendly to you, depending on how you have treated it.</p> <p>Creature into Object If you turn a creature into an object, it transforms along with whatever it is wearing and carrying into that form. The creature's statistics become those of the object, and the creature has no memory of time spent in this form. After the spell ends and it returns to its normal form.</p> <p>This spell can't affect a target that has 0 hit points.</p>

It can be free floating, or it can rest on a solid surface. The wall can be up to 60 feet long, 10 feet high, and 5 feet thick. The wall blocks line of sight, but creatures and objects can pass through it. It emits bright light out to 120 feet and dim light for an additional 120 feet. On a successful save, it takes half as much damage and isn't blinded. A blinded creature can make a Constitution saving throw at the end of each of its turns, ending the effect on itself on a success. A creature that ends its turn in the wall's area takes 4d8 radiant damage. Until the spell ends, you can use an action to launch a beam of radiance from the wall at one creature you can see within 60 feet of it. Make a ranged spell attack. On a hit, the target takes 4d8 radiant damage. Whether you hit or miss, reduce the length of the wall by 10 feet. If the wall's length drops to 0 feet, the spell ends.</p>	
<p>When you cast this spell using a spell slot of 6th level or higher, the damage increases by 1d8 for each slot level above 5th.</p>

Wall of Sand	Level 3
Evocation	Cast: 1 Action
Range: 90 feet	V, S, M
Duration: Up to 10 minutes	a handful of sand
<p>You conjure up a wall of swirling sand on the ground at a point you can see within range. You can make the wall up to 30 feet long, 10 feet high, and 10 feet thick, and it vanishes when the spell ends. It blocks line of sight but not movement. A creature is blinded while in the wall's space and must spend 3 feet of movement for every 1 foot it moves there.</p>	
Elemental Evil p. 23	Wizard,

Wall of Stone	Level 5
Evocation	Cast: 1 Action
Range: 120 feet	V, S, M
Duration: Up to 10 minutes	a small block of granite
<p>A nonmagical wall of solid stone springs into existence at a point you choose within range. The wall is 6 inches thick and is composed of ten 10-foot-by-10-foot panels. Each panel must be contiguous with at least one other panel. Alternatively, you can create 10-foot-by-20-foot panels that are only 3 inches thick.</p> <p>If the wall cuts through a creature's space when it appears, the creature is pushed to one side of the wall (your choice). If a creature would be surrounded on all sides by the wall (or the wall and another solid surface), that creature can make a Dexterity saving throw. On a success, it can use its reaction to move up to its speed so that it is no longer enclosed by the wall.</p> <p>The wall can have any shape you desire, though it can't occupy the same space as a creature or object. The wall doesn't need to be vertical or resting on any firm foundation. It must, however, merge with and be solidly supported by existing stone. Thus you can use this spell to bridge a chasm or create a ramp.</p> <p>If you create a span greater than 20 feet in length, you must halve the size of each panel to create supports. You can crudely shape the wall to create crenellations, battlements, and so on.</p> <p>The wall is an object made of stone that can be damaged and thus breached. Each panel has AC 15 and 30 hit points per inch of thickness. Reducing a panel to 0 hit points destroys it and might cause connected panels to collapse at the DM's discretion.</p> <p>If you maintain your concentration on this spell for its whole duration, the wall becomes permanent and can't be dispelled. Otherwise, the wall disappears when the spell ends.</p>

Wall of Thorns	Level 6
Conjuration	Cast: 1 Action
Range: 120 feet	V, S, M
Duration: Up to 10 minutes	a handful of thorns
<p>You create a wall of tough, pliable, tangled brush bristling with needle-sharp thorns. The wall appears within range on a solid surface and lasts for the duration. You choose to make the wall up to 60 feet long, 10 feet high, and 5 feet thick or a circle that has a 20-foot diameter and is up to 20 feet high and 5 feet thick. The wall blocks line of sight.</p> <p>When the wall appears, each creature within its area must make a Dexterity saving throw. On a failed save, a creature takes 7d8 piercing damage, or half as much damage on a successful save.</p> <p>A creature can move through the wall, albeit slowly and painfully. For every 1 foot a creature moves through the wall, it must spend 4 feet of movement. Furthermore, the first time a creature enters the wall on a turn or ends its turn there, the creature must make a Dexterity saving throw. It takes 7d8 slashing damage on a failed save, or half as much on a successful save.</p>	
When you cast this spell using a spell slot of 7th level or higher, both types of damage increase by 1d8 for each slot level above 6th.

Wall of Water	Level 3
Evocation	Cast: 1 Action
Range: 60 feet	V, S, M
Duration: Up to 10 minutes	
<p>(a drop of water) You conjure up a wall of water on the ground at a point you can see within range. You can make the wall up to 30 feet long, 10 feet high, and 1 foot thick, or you can make a ringed wall up to 20 feet in diameter, 20 feet high, and 1 foot thick. The wall vanishes when the spell ends. The walls space is difficult terrain. Any ranged weapon attack that enters the walls space has disadvantage on the attack roll, and fire damage is halved if the fire effect passes through the wall to reach its target. Spells that deal cold damage that pass through the wall cause the area of the wall they pass through to freeze solid (at least a 5-foot square section is frozen). Each 5-foot-square frozen section has AC 5 and 15 hit points. Reducing a frozen section to 0 hit points destroys it. When a section is destroyed, the walls water doesnt fill it.</p>

Range: Touch	V, S, M
Duration: 1 hour	a pair of platinum rings worth at least 50 gp each, which you and target must wear for the duration
<p>This spell wards a willing creature you touch and creates a mystic connection between you and the target until the spell ends.</p> <p>While the target is within 60 feet of you, it gains a +1 bonus to AC and saving throws, and it has resistance to all damage. Also, each time it takes damage, you take the same amount of damage.</p> <p>The spell ends if you drop to 0 hit points or if you and the target become separated by more than 60 feet. It also ends if the spell is cast again on either of the connected creatures. You can also dismiss the spell as an action.</p>

Warding Wind	Level 2
Evocation	Cast: 1 Action
Range: Self	V
Duration: Up to 10 minutes	
A strong wind (20 miles per hour) blows around you in a 10-foot radius and moves with you, remaining centered on you. The wind lasts for the spells duration. The wind has the following effects: It deafens you and other creatures in its area. It extinguishes unprotected flames in its area that are torch-sized or smaller. The area is difficult terrain for creatures other than you. The attack rolls of ranged weapon attacks have disadvantage if they pass in or out of the wind. It hedges out vapor, gas, and fog that can be dispersed by strong wind.

Water Breathing	Level 3
Transmutation	Cast: 1 Action
Range: 30 feet	V, S, M

Water Walk	Level 3
Transmutation	Cast: 1 Action
Range: 30 feet	V, S, M
Duration: 1 hour	a piece of cork
This spell grants the ability to move across any liquid surface such as water, acid, mud, snow, quicksand, or lava as if it were harmless solid ground (creatures crossing molten lava can still take damage from the heat). Up to ten willing creatures you can see within range gain this ability for the duration. If you target a creature submerged in a liquid, the spell carries the target to the surface of the liquid at a rate of 60 feet per round.

Watery Sphere	Level 4
Conjuration	Cast: 1 Action
Range: 90 feet	V, S, M
Duration: Up to 1 minute	a droplet of water
<p>You conjure up a sphere of water with a 5-foot radius on a point you can see within range. The sphere can hover in the air, but no more than 10 feet off the ground. The sphere remains for the spells duration. Any creature in the spheres space must make a Strength saving throw. On a successful save, a creature is ejected from that space to the nearest unoccupied space outside it. A Huge or larger creature succeeds on the saving throw automatically. On a failed save, a creature is restrained by the sphere and is engulfed by the water. At the end of each of its turns, a restrained target can repeat the saving throw. The sphere can restrain a maximum of four Medium or smaller creatures or one Large creature. If the sphere restrains a creature in excess of these numbers, a random creature that was already restrained by the sphere falls out of it and lands prone in a space within 5 feet of it. As an action, you can move the sphere up to 30 feet in a straight line. If it moves over a pit, cliff, or other drop, it safely descends until it is hovering 10 feet over ground. Any creature restrained by the sphere moves with it. You can ram the sphere into creatures, forcing them to make the saving throw, but no more than once per turn. When the spell ends, the sphere falls to the ground and extinguishes all normal flames within 30 feet of it. Any creature restrained by the sphere is knocked prone in the space where it falls.</p>

Web	Level 2
Conjuration	Cast: 1 Action
Range: 60 feet	V, S, M
Duration: Up to 1 hour	a bit of spiderweb
<p>You conjure a mass of thick, sticky webbing at a point of your choice within range. The webs fill a 20-foot cube from that point for the duration. The webs are difficult terrain and lightly obscure their area. If the webs aren't anchored between two solid masses (such as walls or trees) or layered across a floor, wall, or ceiling, the conjured web collapses on itself, and the spell ends at the start of your next turn. Webs layered over a flat surface have a depth of 5 feet.</p> <p>Each creature that starts its turn in the webs or that enters them during its turn must make a Dexterity saving throw. On a failed save, the creature is restrained as long as it remains in the webs or until it breaks free.</p> <p>A creature restrained by the webs can use its action to make a Strength check against your spell save DC. If it succeeds, it is no longer restrained. The webs are flammable. Any 5-foot cube of webs exposed to fire burns away in 1 round, dealing 2d4 fire damage to any creature that starts its turn in the fire.</p>

Weird	Level 9
Illusion	Cast: 1 Action
Range: 120 feet	V, S
Duration: Up to 1 minute	
<p>Drawing on the deepest fears of a group of creatures, you create illusory creatures in their minds, visible only to them. Each creature in a 30-foot-radius sphere centered on a point of your choice within range must make a Wisdom saving throw. On a failed save, a creature becomes frightened for the duration. The illusion calls on the creatures deepest fears, manifesting its worst nightmares as an implacable threat. At the end of each of the frightened creatures turns, it must succeed on a Wisdom saving throw or take 4d10 psychic damage. On a successful save, the spell ends for that creature.</p>

Whirlwind	Level 7
Evocation	Cast: 1 Action
Range: 300 feet	V, M
Duration: Up to 1 minute	a piece of straw
<p>A whirlwind howls down to a point that you can see on the ground within range. The whirlwind is a 10-foot-radius, 30-foot-high cylinder centered on that point. Until the spell ends, you can use your action to move the whirlwind up to 30 feet in any direction along the ground. The whirlwind sucks up any Medium or smaller objects that aren't secured to anything and that aren't worn or carried by anyone. A creature must make a Dexterity saving throw the first time on a turn that it enters the whirlwind or that the whirlwind enters its space, including when the whirlwind first appears. A creature takes 10d6 bludgeoning damage on a failed save, or half as much damage on a successful one. In addition, a Large or smaller creature that fails the save must succeed on a Strength saving throw or become restrained in the whirlwind until the spell ends. When a creature starts its turn restrained by the whirlwind, the creature is pulled 5 feet higher inside it, unless the creature is at the top. A restrained creature moves with the whirlwind and falls when the spell ends, unless the creature has some means to stay aloft. A restrained creature can use an action to make a Strength or Dexterity check against your spell save DC. If successful, the creature is no longer restrained by the whirlwind and is hurled 3d6 10 feet away from it in a random direction.</p>

Wind Walk	Level 6
Transmutation	Cast: 1 Minute
Range: 30 feet	V, S, M
Duration: 8 hours	fire and holy water
<p>You and up to ten willing creatures you can see within range assume a gaseous form for the duration, appearing as wisps of cloud. While in this cloud form, a creature has a flying speed of 300 feet and has resistance to damage from nonmagical weapons. The only actions a creature can take in this form are the Dash action or to revert to its normal form. Reverting takes 1 minute, during which time a creature is incapacitated and cant move. Until the spell ends, a creature can revert to cloud form, which also requires the 1-minute transformation.</p> <p>If a creature is in cloud form and flying when the effect ends, the creature descends 60 feet per round for 1 minute until it lands, which it does safely. If it cant land after 1 minute, the creature falls the remaining distance.</p>

Wind Wall	Level 3
Evocation	Cast: 1 Action
Range: 120 feet	V, S, M
Duration: Up to 1 minute	a tiny fan and a feather of exotic origin
<p>A wall of strong wind rises from the ground at a point you choose within range. You can make the wall up to 50 feet long, 15 feet high, and 1 foot thick. You can shape the wall in any way you choose so long as it makes one continuous path along the ground. The wall lasts for the duration. When the wall appears, each creature within its area must make a Strength saving throw. A creature takes 3d8 bludgeoning damage on a failed save, or half as much damage on a successful one.</p> <p>The strong wind keeps fog, smoke, and other gases at bay. Small or smaller flying creatures or objects cant pass through the wall. Loose, lightweight materials brought into the wall fly upward. Arrows, bolts, and other ordinary projectiles launched at targets behind the wall are deflected upward and automatically miss. (Boulders hurled by giants or siege engines, and similar projectiles, are unaffected.) Creatures in gaseous form cant pass through it.</p>

Wish	Level 9
Conjuration	Cast: 1 Action
Range: Self	V
Duration: Instantaneous	
<p>Wish is the mightiest spell a mortal creature can cast. By simply speaking aloud, you can alter the very foundations of reality in accord with your desires.</p> <p>The basic use of this spell is to duplicate any other spell of 8th level or lower. You don't need to meet any requirements in that spell, including costly components. The spell simply takes effect. Alternatively, you can create one of the following effects of your choice:</p> <p>You create one object of up to 25,000 gp in value that isn't a magic item. The object can be no more than 300 feet in any dimension, and it appears in an unoccupied space you can see on the ground.</p> <p>You allow up to twenty creatures that you can see to regain all hit points, and you end all effects on them described in the greater restoration spell.</p> <p>You grant up to ten creatures that you can see resistance to a damage type you choose.</p> <p>You grant up to ten creatures you can see immunity to a single spell or other magical effect for 8 hours. For instance, you could make yourself and all your companions immune to a lich's life drain attack.</p> <p>You undo a single recent event by forcing a reroll of any roll made within the last round (including your last turn). Reality reshapes itself to accommodate the new result. For example, a wish spell could undo an opponent's successful save, a foe's critical hit, or a friend's failed save. You can force the reroll to be made with advantage or disadvantage, and you can choose whether to use the reroll or the original roll.</p> <p>You might be able to achieve something beyond the scope of the above examples. State your wish to the DM as precisely as possible. The DM has great latitude in ruling what occurs in such an instance; the greater the wish, the greater the likelihood that something goes wrong. This spell might simply fail, the effect you desire might only be partly achieved, or you might suffer some unforeseen consequence as a result of how you worded the wish. For example, wishing that a villain were dead might propel you forward in time to a period when that villain is no longer alive, effectively removing you from the game. Similarly, wishing for a legendary magic item or artifact might instantly transport you to the presence of the item's current owner.</p> <p>The stress of casting this spell to produce any effect other than duplicating another spell weakens you. After enduring that stress, each time you cast a spell until you finish a long rest, you take 1d10 necrotic damage per level of that spell. This damage ²⁷⁹can't be reduced or prevented in any way. In addition, your Strength drops to 3, if it isn't 3 or lower already, for 2d4 days. For each of those days that you spend resting and doing nothing more than light activity, your remaining recovery time decreases by 2 days. Finally, there is a 33 percent chance that you are unable to cast wish ever again if you suffer this stress.</p>

The spell ends if you use your action to do anything else. The spell also ends if the target is ever outside the spells range or if it has total cover from you.

Duration: Up to 1 minute	
<p>You call out to the spirits of nature to rouse them against your enemies. Choose a point you can see within range. The spirits cause trees, rocks, and grasses in a 60-foot cube centered on that point to become animated until the spell ends. Grasses and Undergrowth. Any area of ground in the cube that is covered by grass or undergrowth is difficult terrain for your enemies. Trees. At the start of each of your turns, each of your enemies within 10 feet of any tree in the cube must succeed on a Dexterity saving throw or take 4d6 slashing damage from whipping branches. Roots and Vines. At the end of each of your turns, one creature of your choice that is on the ground in the cube must succeed on a Strength saving throw or become restrained until the spell ends. As a bonus action on your turn, you can cause a loose rock in the cube to launch at a creature you can see in the cube. Make a ranged spell attack against the target. Zone of Truth	Level 2
Enchantment	Cast: 1 Action
Range: 60 feet	V, S
Duration: 10 minutes	
You create a magical zone that guards against deception in a 15-foot-radius sphere centered on a point of your choice within range. Until the spell ends, a creature that enters the spell's area for the first time on a turn or starts its turn there must make a Charisma saving throw. On a failed save, a creature can't speak a deliberate lie while in the radius. You know whether each creature succeeds or fails on its saving throw. An affected creature is aware of the spell and can thus avoid answering questions to which it would normally respond with a lie. Such creatures can be evasive in its answers as long as it remains within the boundaries of the truth.
